

ENROLLMENT APPOINTMENT DATES FOR 2018-2019

The **enrollment appointment date** is the **first date** on which you may begin the registration process for that term.

Your individual date will be displayed in the Enrollment Dates box on your Student Center page. Usually, the summer dates will appear first. However, on your enrollment appointment date this year, you may register for your Summer (2181), Fall (2182), Fall/Winter (2183), and Winter (2184) semester courses.

Example:

The screenshot shows a box titled "Enrollment Dates" with a green downward arrow icon. Inside the box, there are two sections. The first section is titled "Course Cart Appointment" and contains the text: "Your Course Cart for the Summer 2018 13 week session is available for use beginning 1 March 2018." The second section is titled "Enrollment Appointment" and contains the text: "You may begin enrolling for the Summer 2018 13 week session on 12 March 2018." At the bottom right of the box, there is a link labeled "details" with a blue right-pointing arrow icon.

The enrollment appointment date will default to the upcoming or current term. This screen offers the capability of determining the student credit limits for each term. For example, the student above has a maximum limit of 12 credits they can possibly take in Summer 2018.

The appointment date for the Fall, Fall/Winter and Winter terms will appear after the expiration of the summer dates. Other terms can be accessed by using the “Change Term” button.

Although the enrollment appointment dates indicate when you will be able to start registering, you can start planning and filling your Course Cart in early March.

The enrollment appointment date is based on the number of credits to completion for your program if you are a degree student.

If you wish to calculate your enrollment appointment date (EAD), the following formula is used:

Program length (minimum credits required) minus credits earned minus in progress courses as of February 2018 (excluding DISC courses) equals credits to completion. Please refer to the following 2 examples. Your EAD calculation should match the Enrollment Appointment date in your Student Center.

Example 1:

Active in Program	20/08/2017
Admit Term	Fall 2017
	Matriculated
	Bachelor of Science
	Major Exercise Science
Min Credits Required	90.00
Program Credits Earned	15.00
Cumulative GPA	3.30

Winter 2018

Course	Description	Attempted	Grade	Notation	GPA	Class Avg	Class Size	Program Credits Earned	Other
BIOL 201		3.00						0.00	
EXCI 252		3.00						0.00	
EXCI 254		3.00						0.00	
EXCI 257		3.00						0.00	
CATA 263		3.00						0.00	

EAD = MCR – CE – CIP = 90.00 – 15.00 – 15.00 = 60 credits

Summer (2181), Fall (2182), Fall/Winter (2183), and Winter (2184) Sessions EAD

- Refer to Table 1: Monday, March 19, 2018.

Example 2:

EXCI 254		3.00						0.00	
EXCI 257		3.00						0.00	
CATA 263		3.00						0.00	

EAD = MCR – CE – CIP = 99.00 – 15.00 – 15.00 = 69 credits

Summer (2181), Fall (2182), Fall/Winter (2183), and Winter (2184) Sessions EAD
