Re: Masters Thesis Committee

A Thesis Committee must have been established before submission of the thesis. Each committee member should approve the decision to submit the thesis **before** the actual submission. Please list your thesis committee below, and have them indicate that they feel your thesis is ready for submission to the School of Graduate Studies by signing and dating this page. This page must be returned to **Shirley Black** along with a copy of the **Abstract**.

If the Thesis Supervisor requests the presence of an External Examiner on the examining committee, then the Thesis Supervisor must provide the full name, address, phone number (and fax number, if available) of three External Examiners, along with a brief outline of each External Examiner's credentials, to the M.A. Program Director.

Alternatively, an email to Shirley Black from the Internal Committee Members granting approval for thesis submission will also suffice.
