_____

15. I prepared my students to use ISIS-21 by providing:

    a) No instruction. I allowed students to explore ISIS-21on their own.

    b) General instruction. Whole class discussion about the ISIS-21steps and quick review.

    c) Targeted instruction. Instruction given prior to each ISIS-21step and/or link to ISIS-21 game.

    d) Extensive instruction. Discussion of each step along with use of the interactive ISIS-21 game and/or suggested lesson plans (from Teacher Guide) for some steps.

16. What additional resource material would help you better integrate ISIS-21 into your teaching?
