

CENTRE FOR THE STUDY OF LEARNING AND PERFORMANCE

PedTech – Instructor “Interview”

General Teaching

- 1) Please tell me a little about your overall teaching career (number of years teaching, level, etc.).
- 2) In your opinion, how has learning and teaching changed during this time?
- 3) How long have you been teaching the course(s) that we distributed the questionnaire in?
- 4) Please describe how learning and teaching changed with respect to this/these course(s).

Learner Preferences

- 5) How would you describe how your students prefer to learn with respect to course structure, learning activities, and learning resources, etc.?

Course Structure

- 6) How would you describe your style of teaching with respect to strategies, methodologies and/or techniques?
- 7) Typically, what type of student does well in your course?

Active Learning

- 8) Please describe any learning resources or activities that were made available to students during this course. (Examples would be something like CMC, class website, supplemental readings, etc.)
- 9) In what ways did the students take advantage of the learning resources or activities that were made available to them?

Time on task

- 10) How much time do you expect your students to spend on the course outside of class per week?
- 11) Do you expect and is it your sense that students come to class prepared?

Learning with technology

- 12) Does this course make use of computer technology either inside or outside of class?
- 13) What computer technology applications have you or your students utilized during class time?
- 14) What computer technology applications have you or your students utilized outside of class time?

15) What changes have you seen regarding the role or use of computer technology in your class?

Perceived Effectiveness of Computer Use

16) What do you see as the advantages or disadvantages of using computer technology in your course?

17) In your opinion, how has the teaching method changed with respect to computer technology integration?

Context of Computer Use

18) How is student performance evaluated (exams, reports, term papers, student presentations)?
