

Request to Become a Research Associate

Research Associates (RA) are individuals who conduct research on feminist issues and who have an official link to the Simone de Beauvoir Institute. They are part-time teaching faculty, graduate students, independent scholars or professors from other universities interested in exchanging about research or conducting research in collaboration with SdBI members. (Temporary, visiting scholars who apply for affiliation to the Institute are not RAs.) Research Associates meet regularly to exchange ideas, notably in seminars or Feminist Café events. Criteria that will be taken into account, in considering applications from individuals wishing to be considered for RA status will include the following.
