29	1	1	Hope or diversification of the economy: want the town to grow. Mackenzie needs more tourism. The town needs more leadership for direction/guidance. The town needs to bring in more business and needs better health care.	Mackenzie should achieve diversification. Let people know what Mackenzie has to offer outdoors.
29	1	2	Hope for stable employment, better medical care, and increased quality education.	Mackenzie needs to develop an emergency evacuation plan for natural disasters.
29	1	3	Hope for Mackenzie to increase its retention of employees. It also needs better health care. Also hope for improved education from grade 10 and beyond.	Mackenzie needs to retain people and improve its economic situation. And the Northern Living Allowance needs to be reinstated.
29	1	4	Hope for growth and better access to retail stores in Mackenzie	Hope for better community services.
29	1	5	Hope that Mackenzie grows and diversifies its economy. Better medical services need to be made available in town, so residents do not have to travel to Prince George. Local businesses need to be competitive with regional businesses.	Mackenzie should attempt to be more open to change within the business environment. The town needs to become a hub for smaller surrounding communities. Also, Mackenzie needs to diversify through ecotourism. A road needs to be built directly to Powder King Ski Resort.
29	1	6	Hope to diversify Mackenzies industrial base and become more self sufficient. For example, use wood waste from the mills as fuel for the mills and promote tourism.	Mackenzie needs to diversify its economy, provide more services, and the businesses need to become more consumer oriented
29	1	7	Hope for the initiation and expansion of agricultural interests and endeavors. Mackenzie needs to diversity and stabilize its economy.	Mackenzie should attempt economic diversification with an emphasis on exploring how every business can work for Mackenzie. We need a better representation of local interests. More clubs. Mackenzie should attempt to achieve better procedures for the acquisition of land.
29	1	8	Hope for Economic growth because it leads to stability. Teenagers need to stay in Mackenzie and have pride in their community.	Economic stability is needed and services need to be improved.
29	1	9	Hope that Mackenzie builds another paper machine.	Mackenzie should attempt to build up recreation because

			Property values need to be increased. The economy needs to diversify.	of its tourism potential. For example, we should promote snowmobiling. The doctors need to stay for longer than six months.
29	1	10	Hope that there will be enough employment for people. The interviewee hopes that everyone will become Christian. Also, a new secondary resource for employment is needed. Future hopes for a safe and drug-free town. Need to provide something for young people to do.	Mackenzie needs to stamp-out graffiti. Secondary employment opportunities need to be Introduced. Need to keep prices steady (i.e., compared to rest of country).
29	1	11	Hope that Mackenzie gets away from the full support of the mills. A main road that would enter into Mackenzie is needed because we are very far off the highway. Tourism needs to come into Mackenzie.	Mackenzie needs to get away from the support of the mills. Mackenzie needs to be more appealing to a diverse society.
29	1	12	Hopes are that Mackenzie won't go belly-up because of the Lumber Industry.	Mackenzie should try and give people a reason to stay because people are leaving.
29	1	13	Hope that Mackenzie's mills don't keep changing hands. Resource needs to sustain itself. Someone needs to drop money for the town people.	The RCMP should remove the drug problem. Municipal commerce needs to get business interests to move to and invest in Mackenzie. Should diversify in something besides forestry.
29	1	14	Hopes for Mackenzie are that a strong forest economy will lead to improvement in all services, which will lead to more people living here. We need less commuting and a better high school with better courses and better teachers.	We need to achieve a better high school and attract more competent professionals. We need our Northern Living Allowance back, which will lead to more people, which will lead to the rest of the services.
29	1	15	Hopes for Mackenzie are that it continues to thrive.	Should achieve certain changes to accommodate the aging population. We need to attract people to stay for continuity.
29	1	16	Hope that Mackenzie still exists. Hope for better jobs, better education, and a better justice system. Needs more industry for employment and better conservation.	Should achieve better medical, more recreation for teens, and more industry. Should try to keep professional people here.
29	1	17	Hope that there will be work for workers. And more people will be living here in the future so that we don't have to sell our home.	Need to keep the hospital open. We need to get an old-age home.
29	1	18	Hope that forestry gets better because the town will get	Should achieve diversification of businesses and industry.

			better. Bring money into town so people.	
29	1	19	Hope that Mackenzie will grow to the highway and that there will be support from tourism (i.e., extend road to Powder King Ski Resort). Hope that house values will go up. Also hope that it doesn't turn into a ghost town because we are dependant on forestry.	Should attempt not to be reliant on forestry. Need more recognition from Federal and Provincial governments. We want our Northern Living Allowance back. Need to achieve better tourism and industry.
29	1	20	Hope that Mackenzie will expand and that there will be more competition for the businesses. We need to keep people in town.	Need a better hospital, more doctors, and more dentists. And improved services so we don't have to go to Prince George. Also, need better social services with the Ministry and workers. We want our Northern Living Allowance back.
29	1	21	Hope that Mackenzie will become more than a single industry town and that it will grow to twice its size. We need more stability.	Should focus more on tourism, in both summer and winter. This would bring more businesses, which would lead to growth.
29	1	22	Hope that we maintain, or improve, our employment situation.	We need to look after the elderly. For example, we need housing for seniors.
29	1	23	Hope that there will be stability and that we won't be living here in the future. Hope for a better housing market. And hope that the town grows.	Should attempt to attract more people.
29	1	24	Hope that Mackenzie expands business wise. It is not healthy to depend on one resource. We need to get younger people involved in Council because it is an old-boys club. There is not enough moral/community support from the mills. We need the Northern Living Allowance back.	Expand business wise. We need younger people on Council and we need the Northern Living Allowance back.
29	1	25	Hope to maintain this standard of living and not be dependant on forestry.	We need to diversify the economy by promoting tourism. Need better medical facilities.
29	1	26	Hope that Mackenzie lasts another six years so we can retire. Need another industry in town. Need an in-and-out road because we are at a dead-end. Need to bring in more tourists. Need to get younger, different people on Council that listen to people.	Should try and get a road through town. Need to attract more out-of-towners. Bring in tourism by providing more shopping opportunities.

29	1	27	Hope that Mackenzie will continue, but not as is. It needs to diversify and grow.	Should achieve diversification. Should move Mackenzie out to the Highway 97 Junction or a thru-road. Ecotourism should be developed.
29	1	28	Hope that Mackenzie gets recognition for being a vital part of the Provincial economy. Hope that it becomes a tourist destination (i.e., outdoor recreation). Hope for a better education system.	Should get a more positive direction for the small business community. Needs more recognition from Provincial and Federal representatives.
29	1	29	Hope that Mackenzie can maintain employment for the people that live here. Good workers will put up with a lot if they are making money. Without decent work, the town will dry up. Mackenzie needs to diversify the economy. There's too many drugs because there is too much money.	Should diversify employment and businesses. Need to get away from being a one-horse town.
29	1	30	Hope that the lumber industry will turn around because people are leaving.	Should get younger and newer people in Council because we need new ideas to take it to the next level. Need a better understanding between the businesses/mills and employees.
29	1	31	Hope that Mackenzie gets a road through to Powder King. Hope that there will be economic diversification and to encourage back country recreation. Possibility of expanding into the mining and oil industries to ease stress on forestry, but forestry will always be our bread and butter.	Should achieve satisfactory medical services (i.e., delivery). The nursing problem has to be stabilized. Should achieve meaningful economic diversification.
29	1	32	Hope that it grows so house prices go up.	Should build a mine nearby.
29	1	33	Hope that Mackenzie expands. Mayor and Town Council are too free with tax dollars. They should make more careful choices and handle our money better. Hope that real estate goes up.	Mackenzie should attempt to achieve fiscal responsibility and accountability.
29	1	34	Hope that Mackenzie stays here and that there will be no downsizing by mills because there will be less people here. Hope mill expands so young people can work and not leave. Need a retirement home. Need stability, improved education system, and a hospital.	Should expand the mill, so young people don't leave. Need a retirement home. Need increased stability, improved quality of education, and build a hospital. Provide for young people who are born here so they don't have to leave town.
