

| Site | Person | Interview # | Question 53   | Question 54  |
|------|--------|-------------|---|--|
| 18   | 1      | 1           | -too much outside influence<br>-tax payer base from outside   | -need to control projects; many people do things that they shouldn't be doing (no building permits)<br>-need more supervisors  |
| 18   | 1      | 2           | -continue as well as they are doing now   | -keep the water clean<br>-organize garbage...get more people to recycle  |
| 18   | 1      | 3           | -that it doesn't get any larger<br>-work on Belvedere and nursing homes<br>-have garbage picked up (instead of bringing it to containers)<br>-make the kitchen in the arena more efficient<br>-the library is too small for Seguin<br>-build senior's apartments in Humphrey<br>-in need of nurse practitioners | -get a nursing station and a senior's apartment building<br>-get garbage collection back   |
| 18   | 1      | 4           | -try to get a senior's apartment building<br>-more open government (too much is done behind closed doors)   | -listen to the people  |
| 18   | 1      | 5           | -control growth<br>-increase in medical services  | -control growth<br>-increase in medical services   |
| 18   | 1      | 6           | -security and peaceful living conditions<br>-taking more care of people's needs   | -don't know  |
| 18   | 1      | 7           | -maintain control over lake-side development and over the use of water ways (should not allow for the destruction of the environment)<br>-get a health care clinic in Rosseau<br>-fix garbage (no collection any more)  | -maintain control over lake-side development and over the use of water ways (should not allow for the destruction of the environment)<br>-get a health care clinic in Rosseau<br>-fix garbage (no collection any more) |
| 18   | 1      | 8           | -nurse in Rosseau   | -keep taxes down<br>-an apartment home for the elderly (3 stages)<br>Stage 1: age 55<br>Stage 2: age 65  |

|    |   |    |  | Stage 3: people who can't help themselves any more   |
|----|---|----|--|--|
| 18 | 1 | 9  | -get more of a centre in Seguin (there is very little of a centre with stores)   | -establish a centre in Seguin  |
| 18 | 1 | 10 | -continue on the way it is...don't really know   | -don't know  |
| 18 | 1 | 11 | -remain a strong and viable township without amalgamation  | -should attempt financial restructuring as well as more control over municipal employees (since amalgamation, there are only part-time councillors therefore employees tend to run establishments as opposed to the councillors) |
| 18 | 1 | 12 | -that it doesn't become overpopulated<br>-that environmental issues are addressed<br>-highway, boat and lake safety should be improved   | -that it doesn't become overpopulated<br>-that environmental issues are addressed<br>-highway, boat and lake safety should be improved   |
| 18 | 1 | 13 | -that taxes don't go up<br>-that tradesmen give prompter service<br>-that the environment will not become more polluted (i.e. avoid water pollution caused by boats, motor boats and run-offs) | -services such as 911, fire protection and garbage disposal should continue or improve   |
| 18 | 1 | 14 | -attract more industry to provide better jobs for young people<br>-get local transportation system   | -move year-round industry into the area  |
| 18 | 1 | 15 | -that the water will be cleaned up   | -clean water   |
| 18 | 1 | 16 | -that it will retain its present development and not grow too much larger  | -attempt to have a nursing station in Rosseau (nurse practitioner)   |
| 18 | 1 | 17 | -that politicians don't destroy the community (municipal, provincial and federal)<br>i.e. taxes are too high therefore only the wealthy can afford to live here                                | -to make the government more efficient (costs in the township went up 20% after amalgamation)  |
| 18 | 1 | 18 | -a responsible government<br>-save the water<br>-fair taxes<br>-provision of services (garbage, security of fire protection)   | -lake-front development control<br>-fair taxation assessment   |
|    |   |    | -that it doesn't get too developed   | -to accommodate seniors (i.e. make access to the   |

|    |   |    |  |  |
|----|---|----|--|--|
| 18 | 1 | 19 | -that it stays the same  | community centre easier for them perhaps buy putting in elevators)<br>-establish a bussing service for seniors to get them to town to shop, to go to the doctor, to do banking, etc.   |
| 18 | 1 | 20 | -start putting in recreational facilities for seniors that are accessible<br>-have senior housing built in Seguin<br>-quicker accessibility for medical health (need more specialists and doctors) | -need housing for seniors (large community of retired individuals)   |
| 18 | 1 | 21 | -that they don't raise taxes too much  | -to get the garbage situation under control (put garbage containers in the village of Rosseau)<br>-eliminate bear problems in the village  |
| 18 | 1 | 22 | -that the community will prosper more (tourism, more local businesses, etc.)   | -improve beaches<br>-improve recreational complexes  |
| 18 | 1 | 23 | -improve the water quality and the environment and try to preserve them  | -improve the quality of the environment<br>- preserve the lakes  |
| 18 | 1 | 24 | -don't know  | -to establish transportation services for individuals in the community to get into town where the medical services are located<br>-establish and improve health care services  |
| 18 | 1 | 25 | -that it continues to focus on attracting families<br>-that there will be leisure and employment opportunities for young adults<br>-for others to be aware of the needs of people in the community | -the community needs to achieve positive relationships with its residents<br>-need to protect natural resources (water)<br>-need to put a stop to the golf and country club lifestyle of living (this leads to the damage of the environment and focuses only on a small group of people)<br>-good water quality is very important |
| 18 | 1 | 26 | -that the community develops, but with control<br>-waterfront development<br>-more services (i.e restaurants)  | -to recognize that it survives on tourism (this is where the community brings in its greatest income)  |
| 18 | 1 | 27 | -that attention is paid to the environment and the quality of the water<br>-that there is little population growth   | -better services (i.e. roads, garbage, etc.)<br>-that residents get more for their tax dollars   |

|    |   |    |   |   |
|----|---|----|---|---|
|    |   |    | -that there is more prosperity for local people (permanent residents)   |   |
| 18 | 1 | 28 | -that more services are established (i.e. snow plowing, phone and electric (hydro), road maintenance, etc.)<br>-the fair representation of the seasonal population (Individuals living elsewhere have better services provided to them, for example, snow removal. Such services are not provided here) | -to provide these services and give a fairer representation of the seasonal population                        |
| 18 | 1 | 29 | -that it retains its character  | -that an attempt is made to protect resources<br>-that the community becomes more accessible (transportation) |
| 18 | 1 | 30 | -to get rid of the bears<br>-being so close to Parry Sound, I don't have big expectations for Seguin (services such as hospitals are available in Parry Sound)  | -to get rid of the bears in populated areas<br>-to keep the taxes reasonable                                  |
| 18 | 1 | 31 | -that seniors will have a senior's lifestyle community<br>-that more recreational facilities are established for people of all ages<br>-better health services<br>-to get the nursing station in Rosseau to be completed  | -a new hospital built in Parry Sound<br>-more senior's residences   |
| 18 | 1 | 32 | -that the community is not ruined ecologically<br>-that administration is run with integrity  | -to form a cohesive community   |
| 18 | 1 | 33 | -to get nursing care (need a nurse practitioner in Rosseau)   | -to continue to have a good municipal group for governing the township  |
| 18 | 1 | 34 | -that it continues to improve (i.e. homes for seniors, provide services to keep young people in the community with out having them have to leave for work)  | -to try and keep young people in the community by providing jobs for them                                     |
| 18 | 1 | 35 | -that it keeps going on as it is  | -lower taxes  |
| 18 | 1 | 36 | -to establish a nursing station in Rosseau<br>-to make plans for the waterfront in Rosseau (hotels, restaurants, etc.)<br>-to establish closer golf courses   | -good water quality in the lakes<br>-that a close eye should be kept on potential pollutants                  |

|    |   |    |  |  |
|----|---|----|--|--|
|    |   |    | -to establish a children's camp here   |  |
| 18 | 1 | 37 | -to attempt to keep development at a reasonable level (less is better)<br>-that more attention is paid to the environment than to development  | -to attempt to provide good balance between maintaining a highly developed community and a good environment  |
| 18 | 1 | 38 | -that there remains good water quality<br>-that people, not the government, take responsibility (then water quality, septic systems, etc. will be okay)<br>-that all the people of Seguin participate, not just committees   | -that council works towards establishing a stronger community voice<br>-that there will be more of an information flow between the council and the people (i.e. newsletters, papers, etc.) |
| 18 | 1 | 39 | -better transportation through highway improvement<br>-better access to medical services (more doctors...more locally dispersed)<br>-more participation of seasonal residents in local politics without being here (i.e. make more use of the Internet)  | -to try to communicate with seasonal residents year-round and to encourage them to participate   |
| 18 | 1 | 40 | -a reassessment of the taxes<br>(As taxes rise, people who have been here for a long time have to sell property. This furthers development where there should be less. With the property value being so high, people have to sell their property rather than giving it to their children because they can't afford to keep it up)<br>-healthy lakes and a healthy environment<br>-to improve the garbage situation | -to provide better access to health care (more adequate care in hospitals, more dispersed services)<br>-lowering of taxes  |
| 18 | 1 | 41 | -to maintain present conditions (i.e. water conditions)<br>-to improve the roads   | -to develop more retirement and nursing care facilities<br>-to establish ambulance services closer than Parry Sound or Mactier   |
| 18 | 1 | 42 | -that the area grows together a little more through highway re-routing (presently the highway runs through the middle of the community)<br>-that tourism will flourish a little more (less traffic then)<br>-that there will be more opportunity for jobs for younger people   | -to gain more of an identity and become a community (Seguin is still fairly new)   |
| 18 | 1 | 43 | -that it doesn't start amalgamating into a larger community  | -that the amalgamated communities stabilize themselves after amalgamation and that they don't expand to include  |

|    |   |    |  |  |
|----|---|----|--|--|
|    |   |    |  | more communities   |
| 18 | 1 | 44 | -that the community remains cohesive (i.e. that the community works together so that one side of the township, for example, knows what the other side is doing)<br>-that the community keeps as natural as possible                            | -to establish a sense of community with its members<br>-that the community does not become too commercial (the new highway brings more people here)<br>-that the community stays as natural as possible  |
| 18 | 1 | 45 | -that there will be less property taxes for residents<br>-to establish more health and fire protection services  | -to lower property taxes   |
| 18 | 1 | 46 | -that the community stays the same<br>-that the waterfront is developed and a nursing station is established in Rosseau  | -to develop a more dynamic commercial plan<br>-small percentage paying extreme taxes<br>-that there will be more commercial development which would lead to different sources of taxes   |
| 18 | 1 | 47 | -that there will be more development of services ( i.e. grocery store, gas station, hotel, etc.)<br>-to improve the roads, the power supply and the plowing of provincial highways   | -to become more organized...that the community is clear about what it wants<br>-people should get together more and work as a group (Seguin covers a large area)   |
| 18 | 1 | 48 | -to get rid of the old guard and to get a new guard into municipal office  | -to level out amalgamation (Prior to amalgamation , services were shared among communities, however, since amalgamation was forced, the sharing of services has also become forced. This has led to a loss in the sense of community good will.) |
| 18 | 1 | 49 | -that the community doesn't change too much  | -not to become too much larger than it already is and not to amalgamate with other communities   |
| 18 | 1 | 50 | -to lower taxes  | -to lower taxes  |
| 18 | 1 | 51 | -to establish a well-run community with low taxes<br>-no empire building by the local government   | -don't know  |
| 18 | 1 | 52 | -environmentally, that the community remains a good place to live in terms of how great a population the lakes can support<br>-maintain good water quality, wildlife, etc.<br>-watch the balance between the environment and population growth | -a balance between the progressive building and pertaining personality of Muskoka<br>-making the community a place where people can afford to live   |

|    |   |    |  |  |
|----|---|----|--|--|
| 18 | 1 | 53 | <ul style="list-style-type: none"> <li>-that there will be one voice (regional government)</li> <li>-that there will be more communication to part-time residents</li> <li>-increased off-site medical services (other than hospitals)</li> <li>-tighter water quality controls</li> <li>-a better overall development plan for Muskoka</li> </ul> | <ul style="list-style-type: none"> <li>-water quality control</li> <li>-an overall development plan</li> </ul>   |
| 18 | 1 | 54 | <ul style="list-style-type: none"> <li>-to try and improve services</li> <li>-to maintain the quality of life in the region (access to health care, improving access to businesses, support smaller local businesses)</li> </ul>   | <ul style="list-style-type: none"> <li>-working effectively and closer with nearby communities</li> <li>-reducing the boundaries of communities</li> </ul>   |
| 18 | 1 | 55 | <ul style="list-style-type: none"> <li>-to retain the community style that they had over the years (don't orient towards the city)</li> </ul>  | <ul style="list-style-type: none"> <li>-not to be dragged in by city influence (not driven by big dollars coming north)</li> <li>-to fulfill the needs of rural people</li> </ul>  |
| 18 | 1 | 56 | <ul style="list-style-type: none"> <li>-to get a community swimming pool</li> </ul>  | <ul style="list-style-type: none"> <li>-to resolve garbage issues (dump sites not open enough for contractors and their large amounts of garbage)</li> <li>-presently, the location of the bins is not adequate (only one in Rosseau)</li> </ul> |
| 18 | 1 | 57 | <ul style="list-style-type: none"> <li>-that the community gets some services (i.e. garbage collection) that can be used</li> </ul>  | <ul style="list-style-type: none"> <li>-to cut costs (the township has the best of everything at the cottager's expense)</li> </ul>  |
| 18 | 1 | 58 | <ul style="list-style-type: none"> <li>-that the community becomes less fractured—it is growing so quickly that it is moving away from the people who groom it</li> <li>-more planning regarding every aspect (garbage, roads...)</li> </ul>   | <ul style="list-style-type: none"> <li>-to focus on conservation and other environmental issues in the area (the individuals who run the community don't understand what they have in the area)</li> </ul>                                       |
| 18 | 1 | 59 | <ul style="list-style-type: none"> <li>-that employment is created for everyone</li> </ul>   | <ul style="list-style-type: none"> <li>-to create jobs for people in the area</li> <li>-to encourage young people to stay in the community</li> <li>-to offer something for teenagers (too many teens drinking and doing drugs)</li> </ul>       |
| 18 | 1 | 60 | <ul style="list-style-type: none"> <li>-proportional municipal services delivery for seasonal and full-time residents (proportional to taxes paid)</li> <li>-to implement world-class environmental protection and restoration policies</li> <li>-to improve the access to education</li> </ul>  | <ul style="list-style-type: none"> <li>-world-class environmental protection</li> </ul>  |
|    |   |    |  | <ul style="list-style-type: none"> <li>-to achieve a balance in the community between services</li> </ul>  |

|    |   |    |  |   |
|----|---|----|--|---|
| 18 | 1 | 61 | -that the community continues to govern properly   | and taxes   |
| 18 | 1 | 62 | -that there will be services established for the upcoming retiring population (better medical services, better transportation services, better road services, better waste services)                                   | -don't know   |
| 18 | 1 | 63 | -don't know  | -to lower the taxes for seasonal residents  |
| 18 | 1 | 64 | -to improve upon access to health care<br>-to provide more funding to extend existing Internet services<br>-to gain more municipal, provincial and federal funding for events such as the Art Tour (too much red tape) | -to try and bring people together as a working community (people of Humphrey, Foley...)<br>-to establish more of an identity for Seguin (some individuals still think that we are people from Humphrey, Foley..., not Seguin) |
| 18 | 1 | 65 | -to retain its rural atmosphere  | -to resist development  |
| 18 | 1 | 66 | -that the council will have representation from both year-round and seasonal dwellers (this would result in the needs of both groups being better met)   | -to lower the taxes   |
| 18 | 1 | 67 | -don't know  | -to allow the community centre to be used more by young people<br>-the community needs to establish more things for younger people to do<br>-to establish a place where kids can go   |
| 18 | 1 | 68 | -that taxes are kept down  | -to keep taxes down   |
| 18 | 1 | 69 | -that a nursing station is established in Rosseau<br>-that the community is able to maintain environmental resources (i.e. water)  | -to support the West Parry Sound Health Centre  |
| 18 | 1 | 70 | -that the community remains as natural as possible<br>-not to have industry come to the community  | -to maintain good, healthy environmental conditions<br>-to establish well-paying jobs for residents<br>-to cut down on bureaucracy<br>-to lower taxes   |
| 18 | 1 | 71 | -to make sure that the lakes are not polluted  | -to build a nice park/playground for children   |
| 18 | 1 | 72 | -to maintain the existing environment with improved  | -to maintain the existing environment with improved   |

|    |   |    | access to services (mainly health services)   | access to services (mainly health services)  |
|----|---|----|---|--|
| 18 | 1 | 73 | -that the community can continue to preserve its natural setting (quality of water, trees, etc.)  | -to maintain natural resources   |
| 18 | 1 | 74 | -that the community will be able to manage natural resources in a responsible manner  | -to maintain a clean water policy  |
| 18 | 1 | 75 | -to get more industry so that more young people can find jobs<br>-to get a more cohesive feeling of community (all areas still think of themselves as being separate after amalgamation)                    | -to get a more cohesive feeling of community...a cohesive Seguin   |
| 18 | 2 | 76 | -that they continue to develop the way that they are but to be careful not to get too big and become too much like Toronto  | -to develop a good planning strategy   |
| 18 | 1 | 77 | -that there will be sustainable economic development in sympathy with environmental concerns<br>-there needs to be real business opportunities that give sustainable wealth for residents and the community | -access to health care<br>-to develop sustainable real growth without destroying the environment (to have meaningful employment)   |
| 18 | 1 | 78 | -to keep taxes down<br>-to continue to keep the roads in good condition (both in the summer and in the winter)  | -to continue to have transportation for seniors<br>-to continue to enforce rules to keep the water safe (septic for instance)<br>-to keep a close eye on the use of chemicals (i.e. the use of pesticides on golf courses) |
| 18 | 1 | 79 | -don't know...hope the community stays as it is   | -to lower taxes  |
| 18 | 1 | 80 | -don't know   | -to cut back the taxes on Lake Rosseau and on Lake Joe<br>-to fix the roads<br>-to clean up snow-plowing   |
| 18 | 1 | 81 | -to get more programs for young families and children (day care centre, easier access for medical services)   | -to get a nursing station in Rosseau   |
| 18 | 1 | 82 | -that the health care system will change<br>-to get a nursing station in Rosseau<br>-that there will be economic growth without too much  | -to better local health care   |

|    |   |    |  |  |
|----|---|----|--|--|
|    |   |    | change   |  |
| 18 | 1 | 83 | -that the water gets better<br>-that things don't change very much   | -maintaining the environment   |
| 18 | 1 | 84 | -good land management<br>-stricter environmental policies<br>-careful growth   | -careful growth  |
| 18 | 1 | 85 | -to get a senior's home in Seguin<br>-to reduce taxes  | -to stop further amalgamation<br>-to keep taxes down   |
| 18 | 1 | 86 | -that the community stays the way it is<br>-that they get rid of some of the bears   | -that the community stays as it is   |
| 18 | 1 | 87 | -to maintain water quality<br>-that there will be planned development with the environment involved  | -control of the taxes  |
| 18 | 1 | 88 | -that the community grows  | -to improve health services<br>-to look after the seniors  |
| 18 | 1 | 89 | -that there will be a better government<br>-that there will be more provincial assistance<br>-that there will be a reduction in taxes                                  | -an enlightened government   |
| 18 | 1 | 90 | -that the community stays the same<br>-that the community gets a more diversified economic base<br>-that the community remains light in industry                       | -to work on employment for those aged 20 to 40<br>-to not have so much need for tourism  |
| 18 | 1 | 91 | -that the community grows intelligently<br>-that the community maintains high environmental consciousness and manages financial affairs prudently                      | -that the community develops a master plan(garbage, roads)   |
| 18 | 1 | 92 | -that the community allows only controlled changes in the environment<br>-that the community will have environmental experts as advisors rather than just town council | -that the community allows only controlled changes in the environment<br>-that the community will have environmental experts as advisors rather than just town council<br>-that there will be a good quality of life for year-round residents (offer services to them–i.e. health, employment) |

|    |   |     |   |  |
|----|---|-----|---|--|
|    |   |     |   | <ul style="list-style-type: none"> <li>-to keep younger people in the community</li> <li>-that there will be less distinction between summer and year-round residents</li> </ul> |
| 18 | 1 | 93  | <ul style="list-style-type: none"> <li>-to become part of the Muskoka Lakes township</li> </ul>   | <ul style="list-style-type: none"> <li>-to be fair in assessments (taxes are too high and some services such as school can't be used)</li> </ul>                                 |
| 18 | 1 | 94  | <ul style="list-style-type: none"> <li>-to establish affordable housing for seniors</li> <li>-to control the bear population</li> </ul>   | <ul style="list-style-type: none"> <li>-to balance the books at the township office (keep spending in line)</li> </ul>   |
| 18 | 1 | 95  | <ul style="list-style-type: none"> <li>-to see the community grow</li> <li>-to have jobs available for children</li> <li>-to have industry come into the area</li> <li>-to have more services available (i.e. a drug store, a nursing station)</li> </ul> | <ul style="list-style-type: none"> <li>-to create jobs and to establish job stability</li> </ul>   |
| 18 | 1 | 96  | <ul style="list-style-type: none"> <li>-that there will be growth in the community</li> </ul>   | <ul style="list-style-type: none"> <li>-to get a senior's building in Seguin</li> </ul>  |
| 18 | 1 | 97  | <ul style="list-style-type: none"> <li>-that the community finds balance between economic growth while maintaining lakes, clean air and water</li> </ul>  | <ul style="list-style-type: none"> <li>-to listen and act upon the wishes of the majority of its residents</li> </ul>  |
| 18 | 1 | 98  | <ul style="list-style-type: none"> <li>-that there will be no change</li> </ul>   | <ul style="list-style-type: none"> <li>-that there will be no change</li> <li>-that the community can keep its sense of tranquility</li> </ul>                                   |
| 18 | 1 | 99  | <ul style="list-style-type: none"> <li>-that the community continues to prosper</li> <li>-to protect the environment</li> <li>-to keep development on a reasonable level</li> </ul>   | <ul style="list-style-type: none"> <li>-that there will be stable growth</li> <li>-that there will be good employment for local residents</li> </ul>                             |
| 18 | 1 | 100 | <ul style="list-style-type: none"> <li>-the continued sensible growth of economic development</li> <li>-the melting of interests of both seasonal and year-round residents</li> </ul>   | <ul style="list-style-type: none"> <li>-the development of political input for seasonal residents</li> </ul>   |
| 18 | 1 | 101 | <ul style="list-style-type: none"> <li>-to try to preserve the situation on recreational lakes as opposed to building hotels</li> <li>-to get big boats on the lakes</li> </ul>   | <ul style="list-style-type: none"> <li>-a reduction in taxes</li> </ul>  |
| 18 | 1 | 102 | <ul style="list-style-type: none"> <li>-to limit development, particularly on the lakes</li> </ul>  | <ul style="list-style-type: none"> <li>-waste management</li> <li>-to enable seasonal residents to have an input into council decisions</li> <li>-that taxes go down</li> </ul>  |
