Our new state-of-the-art library has room for thousands of books, a quiet study room, and a faculty lounge. The library is open 24/7 and is a great place to work on your assignments.

By bicycle: The De Maisonneuve bike path runs through the campus. You’ll find Bike stands (Montreal’s public bike-sharing network) and bike racks all along the path.

TIP: During the winter, many students wear scarves, hats, and gloves while walking to classes. Be sure to layer up to stay warm.

By bus: Numerous bus routes will take you to our front door. See STM.info for details.

By car: Concordia has two indoor parking garages downtown, one in the Library Building (entrance on Mackay Street) and one in the Faubourg (1250 Guy St.).

The F Guy-Concordia metro station to the underground tunnels connects the GM, LB, and Hall buildings. The Guy-Concordia metro station is also connected to the STM bus network.

Most departments and offices are open on weekdays only. Access to some buildings, including residence, is limited to Concordia students and staff. Our student guides would be happy to show you around. To book a tour: 514-848-2424, ext. 4779 or tours@concordia.ca.

To learn more about the different buildings on campus, see the SGW campus map.

Let’s begin!
The Loyola Campus blends cutting-edge facilities with turn-of-the-century buildings in the beautiful west-end neighbourhood of Notre-Dame-de-Grâce. Students commute between the two campuses as our shuttle bus, a seven-kilometre ride that takes about 20 minutes.

GETTING TO LOYOLA

By car: Turn north off Sherbrooke Street onto West Broadway Street and then into the parking lot. Parking is six dollars for the day.

By public transit:

1) Take the metro to Vendôme station, then catch the 105 Sherbrooke bus heading west.
2) Take the metro to Villa-Maria station, then catch the 162 bus heading west.

Please note:

1) This space is not open for campus visitors.
2) Note: This space is not open for campus visitors.

3) HINGSTON RESIDENCES (HA/HB) / JESUIT RESIDENCE (JR)

Hingston Hall and the Jesuit Residence are home away from home for the hundreds of Concordians who live on campus. Note: This space is not open for campus visitors.

4) OUTDOOR LANDSCAPES

The Quad is an expansive green space where students relax between classes on warm days. Fresh activities, barbecues and outdoor concerts take place here.

5) GEORGES P. VANIER LIBRARY (VL)

The Georges P. Vanier Library is open 24 hours a day in the fall and winter terms. Facilities include spaces for silent study and collaborative spaces for group work.

6) OSCAR PETERSON CONCERT HALL (PT)

The Oscar Peterson Concert Hall was named in honour of one of the best jazz pianists of all time. Peterson, a Montreal native, was awarded an honorary doctorate and the Loyola Medal, the University’s highest honour. The 375-seat performance venue hosts more than 200 shows a year, many with internationally renowned artists. The Student Centre (SC) is home to a student-run café, a lounge and study spots.

7) F.C. SMITH AUDITORIUM / LOYOLA CHAPEL (FC)

The Loyola Chapel is a beautiful quiet place available to people of all faiths. Students use the F.C. Smith Auditorium for theatrical productions and concerts. Workshops and other events take place at The Cabin Theatre.

8) PERFORM CENTRE (PC)

The PERFORM Centre is a clinical research facility focused on promoting healthy living through prevention. It includes: 4 gymnasiums; an indoor track; an indoor pool; a fitness center; a multidisciplinary research center; a state-of-the-art physical therapy clinic with specialized wellness services; a student lounge; and a coffee bar.

9) RESEARCH CENTRE FOR STRUCTURAL AND FUNCTIONAL GENOMICS BUILDING (GE)

The Research Centre for Structural and Functional Genomics Building is Concordia’s largest multidisciplinary research centre, bringing together biologists, chemists and bioinformaticians.

10) RECREATION AND ATHLETICS COMPLEX (RA)

The Recreation and Athletics Complex contains a gymnasium, an arena and a dome for our varsity athletes — the Stingers — to compete in football, basketball, hockey, rugby and wrestling. The Stinger Dome, an air-supported structure, opens the field from November to April, so Concordians can join a game of soccer or Ultimate all year round.

11) COMMUNICATION STUDIES AND JOURNALISM BUILDING (CJ)

The CJ Building is where our Communication Studies and Journalism students take classes and make use of media labs, plus video production and editing suites. The Concordia Bookstore is also here.

12) ADMINISTRATION (AD) / CENTRAL BUILDINGS (CC)

The AD and CC Buildings house Health Services, the Loyola College for Diversity and Sustainability, Counselling and Development (for personal, emotional and career counselling); the Access Centre for Students with Disabilities and the Multi-Path and Spirituality Centre.

13) OF INTEREST — The Emergency of the Chief (2019) by Chloé McCleary. Playing a clan mother telling the chief about the responsibilities given to him by the woman of the Haudenosaunee (Iroquois) and how he helps (Haudenosaunee)

HELPFUL TIP — Postgame on the record and third floors by the GB (looking into the Science Pavilion). You can also take the elevator to the basement level. Another tunnel links the GB and CJ Buildings.

OUR HISTORY — The Jesuits, with their long history as educators and missionaries, established Loyola College in 1919. The College found a home in Notre-Dame-de-Grâce in 1930 under Loyola College management. M. George Williams University in 1976 to form Concordia University.

RICHARD J. RENAUD SCIENCE PAVILION (SP)

The Richard J. Renaud Science Pavilion is the main building for students in biology, chemistry and biochemistry, physics, exercise science and psychology. The Science College is a specialized learning community that prepares Concordians to solve current problems through hard work and research. An expansion of the Science Complex (in the field behind the SP) is underway.
