Resident Assistants (RAs)

Resident assistants (RAs) are second- and third-year students who are hired to help guide residents through their transition from home to university.

Throughout the year, RAs regularly plan events and activities to create a sense of community and provide residents with an opportunity to meet new people, learn about the services on campus and get to know Montreal.

RAs also ensure that every resident feels comfortable within residence. They are available to mentor residents and help make the experience the best it can be!

Our mission in Residence Life is to create the best possible experience for our residents.

CODE OF COMMUNITY LIVING STANDARDS
AND DISCIPLINE

Main rules in Residence:
1. Safety
2. Respect

At the time you signed your lease, it included the Code of Community Living Standards and Discipline. This code helps ensure that each resident is provided with a comfortable and safe living space. It is recommended that each resident familiarize.

Some Code basics:

Smoking — Residence is a non-smoking facility. It is forbidden to smoke in any room including common areas. This includes e-cigarettes/vapes.

Drinking — Drinking is allowed only in residents’ personal rooms. Open alcoholic beverages are not allowed in common areas.

Noise and quiet hours — A resident’s right for quiet study and sleep time takes priority over a resident’s right to make noise. Quiet hours begin on weekdays at 11 p.m. and Friday and Saturday at 1 a.m. During exam periods, 24-hour quiet hours are in effect.

Damage to property — The individual(s) responsible for damage, when known, will assume complete responsibility.

Key lockouts and key replacements — Residence Life reserves the right to charge for having to grant access to a room. Any lost keys will result in a $20 replacement charge.

Harm and/or threat to another — Violence or physical aggression will not be tolerated in residence.

Appliances in rooms — There is a list of items outlined in your lease, including kettles, coffee makers, space heaters and rice cookers. Coffee makers, kettles and microwaves are available to residents in common rooms.
