Subject: Curriculum Changes in the 2006-7 Calendar

Dear student:

In summer 2004 and again in May 2004 and May 2005 all students enrolled in the **Software Engineering** program were mailed a letter advising them of curriculum changes that had occurred since their entry into the program. These letters can still be viewed from the following page: http://www.encs.concordia.ca/scs/content/Sequences_SOEN.htm.

This letter is to advise you of any additional changes that will appear in the 2006-7 Calendar and that may affect your selection of courses. It will also be placed at the above mentioned sequence site for your convenience. Should you have any questions regarding this issue, please do not hesitate to contact Student Academic Affairs (514)848-2424, Extension 3055.

The 2006-07 Calendar pages for your program are enclosed.

1. Changes to the Engineering Core

- a. There are no changes in the Engineering Core for Software Engineers.

2. Software Engineering Core

There are no changes in the Software Engineering Core.

3. Software Engineering Technical Electives

- a. The total length of the program in both the 2005-06 and 2006-07 Calendars is 120 credits. Students must take sufficient technical electives to obtain that total number of program credits.
- b. There are no changes in the Software Engineering Technical Elective list.
