

OFFICE OF THE TREASURER

April 5, 2018

To researchers and research administrators,

As communicated over the past few years, a customized benefit rate for non-student research personnel has been in place since May 1, 2014. This communication is to inform you of the benefit rates applicable for the 2018-2019 University fiscal year (May 1, 2018 to April 30, 2019).

### **2018-2019 BENEFIT RATES**

The customized rate for **non-student research personnel effective May 1<sup>st</sup>, 2018 is set at 20.0%** (21.1% for 2017-2018), while the benefit rate for University Faculty & Staff is set at 26.2%.

The rate for non-student research personnel of 20.0% also applies to **Postdoctoral Fellows** who have the status of employees as per the revised Postdoctoral Fellow Policy that took effect on June 1, 2016.

Note that the rate for non-student research personnel only includes the benefits that apply to the research community and that the funding agencies allow to be charged against research funds.

Furthermore, the benefit rate applicable to **student employees is set at 10.0% effective May 1<sup>st</sup>, 2018** (unchanged from 2017-2018). This rate applies to TRAC-RAs, TRAC-TAs and Work Study programs only.

Lastly, the rate applicable to **non-pensionable stipends is set at 10.0% effective May 1<sup>st</sup>, 2018** (unchanged from 2017-2018). If you are a **research chair** and receive a stipend net of benefits, note that the net amount of the stipend is calculated based upon that rate.

**Summary table of 2018-2019 Benefit Rates:**

Faculty & Staff	26.2%
Non-student Research Personnel & Postdoctoral Fellow Employees	20.0%
Student Employees	10.0%
Non-pensionable Stipends	10.0%

**IMPORTANT INFORMATION & PROCEDURE**

Within the financial system of the University, the benefit rate applied is driven by the salary account code used.

**Salary account codes for non-student research personnel and Postdoctoral Fellow Employees**

The **only** salary account codes that will generate a benefit charge of 20.0% are those listed below beginning by 666, reserved for non-student research personnel and for Postdoctoral Fellow Employees. Please also refer to the guidelines of your funding agency prior to selecting an account code, as restrictions may apply as to the type of account that can be used.

### Salary account codes for student research personnel (TRAC-RAs)

The following salary account codes, beginning by 662, are reserved for student research personnel (TRAC-RAs, must be Concordia students) and will generate a benefit charge of 10.0%:

66200	UGRAD (RESEARCH FUNDS)
6620F	UNDERGRADUATE FOREIGN STUDENT
6620W	UGRAD (RES FDS)-WORK STUDY
66210	GRAD - MASTER (RESEARCH FUNDS)
6621F	GRAD. PH.D/MASTER FOREIGN STUDENT
6621W	GRAD - MASTER (RES. FDS)-W.S
66220	GRAD - PHD (RESEARCH FUNDS)
6622F	GRAD. PH. D. FOREIGN STUDENT
6622W	GRAD - PHD (RES. FDS)-WORK STUDY

Note that if salary codes other than those listed above are used, the main University benefit rate of 26.2% will be applied. Therefore, please ensure that any new notice of hire you prepare and submit includes one of the eligible accounts listed above. This will enable the appropriate benefit charge to be applied to your fund.

### **BUDGETING OF RESEARCH PROJECTS**

For budgeting purposes, note that the benefit rates do not include the cost of vacation (4% or 8.8%) when not part of the base pay. Please refer to the [Researcher's Guide to Financial Management](#) published by Financial Services - Restricted Funds for greater details.

Furthermore, the benefit rates are readjusted at the beginning of each University fiscal year. As long-term projections are not currently available, we recommend that budgets for research projects be calculated using the 2018-2019 rate of 20.0%.

Please do not hesitate to contact us for any question or for further information.
