Academic Advising for New Students:

After you have accepted the offer of admission through your Student Centre and confirmed your participation in the program, please contact the Graduate Program Assistant directly for information about advising and registration. This contact is mandatory and required to enable you to proceed with online course registration. Once the Graduate Program Assistant is contacted, you will receive course registration information and you will be able to register yourself online.

We also offer an information/orientation session for new students entering in the Fall term. The Department will inform you by email about the date and time of the information session, which is held before the term starts, at the end of August.
