Grading: Homework (20%), Midterm (30%), and Final Exam (50%). 
Graduate students will be required to do extra work for these evaluations.

If the grading scheme for this course includes graded assignments, a reasonable and representative subset of each assignment may be graded. Students will not be told in advance which subset of the assigned problems will be marked and should therefore attempt all assigned problems.
The homework will be assigned approximately every two weeks, during class, and posted on Moodle. In case of a student’s absence or late arrival, it is the student’s responsibility to find the assignment and submit it on time. **No late assignments will be accepted.**

**A midterm exam will be scheduled in class during the 7th week of classes.** The exact date will be announced before the end of January. **Please be aware that a missed test cannot be made up.**

Have a good term!
