

MAST 219 (MATH 265)
Multivariate Calculus II
Fall 2019

- Instructor:** Dr. T. Freiberg, Office: LB 915-3 (SGW), Phone: 848-2424, Ext. 8024
Email: tristan.freiberg@concordia.ca
- Prerequisites:** MATH 264/MAST 218. If your grade in MATH 264/MAST 218 is less than or equal to D+, it is recommended that you retake the prerequisite before taking this course.
- Text:** *Multivariable Calculus*, 8th Edition by J. Stewart, (Cengage Learning, © 2016).
- WeBWorkK:** Every student will be given access to an online system called **WeBWorkK**. Students will use this system to do online assignments (see Assignments below).
- Assignments:** Assignments are *very important* as they indicate the level of difficulty of the problems that students are expected to solve and understand. Therefore, every effort should be made to do and understand them. Students are expected to submit assignments online using **WeBWorkK**. Late assignments will not be accepted. Assignments contribute 10% to the final grade. Students are also strongly advised to work on the suggested problems in the table on page 2.
- Web Resources:** Many excellent animated illustrations to the text of the book are collected at the site www.stewartcalculus.com, see TEC (Tools for Enriching Calculus) for the edition 8E. Regular use of this resource is highly recommended.
- Use of Computer Algebra System:** It is optional but strongly recommended to install and use Maple. The software can be used to verify and illustrate analytical results you get while doing your assignment problems.
- Calculators:** Only calculators approved by the Department (with a sticker attached as proof of approval) are permitted in the class test and final examination. The preferred calculators are the **SHARP EL-531** and the **CASIO FX-300MS**, available at the Concordia Bookstore. A list of approved calculators can be found at <http://www.concordia.ca/artsci/math-stats/services.html#calculators>

Tests: One class midterm test covering the first six weeks will be given in week 7. **There is no make up for a missed test.**
The final examination will be three hours long. It will cover material from the entire course.

Final Grade: The higher of the following:

- 90% final exam, 10% assignments, or
- 30% midterm, 10% assignments, and 60% final.

Plagiarism: Cases of plagiarism (including the assignments, the midterm test and the final exam) will be treated according to the University policy.
