Instructor: Dr. W. Sun, Office: LB 921-17 (SGW), Phone: 848-2424, Ext. 5218
Email: wei.sun@concordia.ca

Office Hours: TBA

Assignments: There will be four assignments. Each student should submit his/her assignment before the beginning of class, on the announced due date.

Grading: Assignments (15%), Midterm exam (25%) and Final exam (60%).

If the grading scheme for this course includes graded assignments, a reasonable and representative subset of each assignment may be graded. Students will not be told in advance which subset of the assigned problems will be marked and should therefore attempt all assigned problems.

Topics: This course provides an introduction to the theory and practice of time series analysis. Both time and frequency domain methods will be discussed. Topics covered include:

- Introduction to Time Series
- Stationary Processes
- ARMA Models
- Spectral Analysis
- Modeling and Forecasting with ARMA Processes

Academic Integrity and the Academic Code of Conduct
This course is governed by Concordia University’s policies on Academic Integrity and the Academic Code of Conduct as set forth in the Undergraduate Calendar and the Graduate Calendar. Students are expected to familiarize themselves with these policies and conduct themselves accordingly. "Concordia University has several resources available to students to better understand and uphold academic integrity. Concordia’s website on academic integrity can be found at the following address, which also includes links to each Faculty and the School of Graduate Studies: concordia.ca/students/academic-integrity." [Undergraduate Calendar, Sec 17.10.2]
