

MAST 333
Applied Statistics
Winter 2026

Instructor: Dr. H. Pezeshk
Email: hamid.pezeshk@concordia.ca

Class Schedule: Wednesdays & Fridays, 11:45-13:00.
Note: There will be a mid-term break from March 2 to March 8.

Office Hours: Fridays, 10:00-11:30.

Text: *Introduction to Probability and Statistics*, 4th Canadian Edition, by William Mendenhall, S. Ejaz Ahmed, Robert J. Beaver and Barbara M. Beaver.
The textbook will be available at <https://www.bkstr.com/concordiastore/home>
Note: Students should order textbooks as early as possible, especially for printed versions in case books are backordered or there are any shipping delays.

Calculators: Only calculators approved by the Department (with a sticker attached as proof of approval) are permitted in the class test(s) and final examination. A list of approved calculators can be found at <https://www.concordia.ca/artsci/math-stats/services.html#calculators>.

Midterm Test: Exam date: **Wednesday, 18 February 2026 (in class)**. The midterm test, based on the material of Weeks 1-6, will contribute up to 30% of your final grade (see the Grading Scheme below).

Final Grade: (a) Assignments (20%)
(b) Midterm Test (30%)
(c) Final Exam (50%)

If the grading scheme for this course includes graded assignments, a reasonable and representative subset of each assignment may be graded. Students will not be told in advance which subset of the assigned problems will be marked and should therefore attempt all assigned problems.

Notes: (1) Assignments will be collected through Moodle page of the course. Late assignments will not be accepted.
(2) There will be no make up test. The final examination will cover everything taught in the course.

(3) In order to obtain a good grade, you have to demonstrate a **THOROUGH** understanding of the subject and should be capable of **PROVIDING** basic results.

Final Exam: It will be scheduled by the Exams Office.

PLEASE NOTE: Students are responsible for finding out the date and time of the final exam once the schedule is posted by the Examination Office. Any conflicts or problems with the scheduling of the final exam must be reported directly to the Examination Office, **not** to your instructor. It is the Department's policy and the Examination Office's policy **that students are to be available until the end of the final exam period. Conflicts due to travel plans will not be accommodated.**

Week	Chapters	Sections
1	Describing Data with Graphs	1.1-1.5
2	Describing Data with Numerical Measures	2.1-2.7
3	Introduction to Minitab & Describing Bivariate data	3.1-3.4
4	The Normal (Gaussian) Distribution	6.1-6.4
5	Sampling Distribution	7.1-7.6
6	Large Sample Estimation	8.1-8.9 MIDTERM TEST
7	Large Sample Tests of Hypothesis	9.1-9.7
8	Large Sample Tests of Hypothesis (cont.) Inference from Small Sample	10.1-10.8
9	Inference from Small Sample (cont.) The Analysis of Variance	11.1-11.9
10	The Analysis of Variance (cont.)	12.1-12.7
11	Correlation & Multiple Regression Analysis Multiple Regression Analysis	13.1-13.4 13.5-13.7, 13.9
12	Categorical Data Analysis & Review	14.1-14.7

Student Services

You may wish to access the many services available to you as a Concordia student. An overview of these resources can be found here: <https://www.concordia.ca/students/services.html>

Academic Integrity and the Academic Code of Conduct

This course is governed by Concordia University's policies on Academic Integrity and the Academic Code of Conduct as set forth in the Undergraduate Calendar and the Graduate Calendar. Students are expected to familiarize themselves with these policies and conduct themselves accordingly. "Concordia University has several resources available to students to better understand and uphold academic integrity. Concordia's website on academic integrity can be found at the following address, which also includes links to each Faculty and the School of Graduate Studies: <https://www.concordia.ca/conduct/academic-integrity.html> [Undergraduate Calendar, Sec 17.10.2]

Behaviour

All individuals participating in courses are expected to be professional and constructive throughout the course, including in their communications.

Concordia students are subject to the [Code of Rights and Responsibilities](#) which applies both when students are physically and virtually engaged in any University activity, including classes, seminars, meetings, etc. Students engaged in University activities must respect this Code when engaging with any members of the Concordia community, including

faculty, staff, and students, whether such interactions are verbal or in writing, face to face or online/virtual. Failing to comply with the Code may result in charges and sanctions, as outlined in the Code.

Intellectual Property

Content belonging to instructors shared in online courses, including, but not limited to, online lectures, course notes, and video recordings of classes remain the intellectual property of the faculty member. It may not be distributed, published or broadcast, in whole or in part, without the express permission of the faculty member. Students are also forbidden to use their own means of recording any elements of an online class or lecture without express permission of the instructor. Any unauthorized sharing of course content may constitute a breach of the [Academic Code of Conduct](#) and/or the [Code of Rights and Responsibilities](#). As specified in the [Policy on Intellectual Property](#), the University does not claim any ownership of or interest in any student IP. All university members retain copyright over their work.

Extraordinary circumstances

In the event of extraordinary circumstances and pursuant to the [Academic Regulations](#) the University may modify the delivery, content, structure, forum, location and/or evaluation scheme. In the event of such extraordinary circumstances, students will be informed of the change.
