In each of the following blocks, check the requirements you have completed, or are about to complete (i.e., are in progress), and determine which courses you must still take to complete your programme:

**Block 1: Compulsory Core Courses and PSYC 316**
All courses in this block are required (15 credits; 12 if you have an exemption for PSYC 315)

### Summary

Of the 60 credits for the Specialization, how many are completed or in progress to date?  

How many additional credits do you still need to complete the Specialization?

### Other Requirements

If you have not completed the following requirements, plan on doing so as soon as possible.

<table>
<thead>
<tr>
<th>Completed or In Progress</th>
</tr>
</thead>

<td>24 credits of electives outside of Psychology including 6 credits of General Education and at least 15 science credits selected in consultation with a Psychology advisor. Courses that are identified as “not for credit” for any category of BSc program students may not be used as science credits.</td>
<td>✓</td>
</tr>
</tbody>
</table>

### Conclusion

Do you need to see an advisor before registration?  
**If so, call 848-2222 to make an appointment for advising and bring this checklist with you to your appointment.**

### Final Credit Tally

Your total number of credits must add up to at least the number required by your degree programme (90, 108 or 120). They will be grouped as follows:

1. A minimum of 60 credits of Psychology as specified above.
2. An additional 24 credits which must be chosen from outside of Psychology (non PSYC)
3. Additional electives chosen from Psychology and/or non-Psychology courses to make up your final total (90, 108 or 120). No 200 level Psychology courses are permitted, except for PSYC 200.
