

# CSBN Seminars

Fall 2008

## Center for Studies in Behavioral Neurobiology

SP Building Loyola Campus

**Tue Aug 19**  
11:30 am  
SP 254-01

**Dr. Roy Wise**  
Behavioral Neuroscience Branch  
National Institute on Drug Abuse  
National Institutes of Health

How does the nigra feel about reward and motivation?

**Fri Sep 19**  
11:30 am  
SP 254-01

**Dr. Bitá Moghaddam**  
Dept. of Neuroscience  
University of Pittsburgh

Divergent patterns of plasticity in orbital and medial prefrontal cortex.

**Fri Sep 26**  
11:30 am  
SP 254-01

**Dr. Andrew Chapman**  
CSBN  
Dept. of Psychology  
Concordia University

Memory encoding and storage in cortical circuits: Electrophysiological studies.

**Fri Oct 17**  
11:30 am  
SP 254-01

**Dr. Cam Teskey**  
Dept. of Psychology  
University of Calgary

A brief history of the motor cortex.

**Fri Oct 31**  
11:30 am  
SP 254-01

**Dr. Stephane Gaskin**  
CSBN  
Dept. of Psychology  
Concordia University

Patterns of retrograde amnesia for objects and spatial information in rats.

**Fri Nov 7**  
11:30 am  
SP 254-01

**Dr. Simon Bacon**  
CSBN  
Dept. of Exercise Science  
Concordia University

Can stress kill you? If so, how?

**Fri Nov 14**  
9:30 am  
SP 254-01

**Dr. Marcus Heilig**  
Clinical Director,  
National Institute on Alcohol Abuse and Alcoholism

Brain stress systems as a factor behind excessive alcohol intake: Genes and experience outline the different roads to Rome.

**Fri Nov 28**  
11:30 am  
SP 254-01

**Dr. Lique Coolen**  
Dept. of Anatomy and Cell Biology  
University of Western Ontario

Risky business: The brain on sex and drugs.
