

# CSBN Scientific Symposium

## The emotional brain: new perspectives on neural circuits of affective behavior

Center for Studies in Behavioral Neurobiology

March 22 - 23, 2018

Loyola campus, Concordia University

Montréal, Québec, Canada

**Thu Mar 22**  
**RF 110**  
**4:00 pm**

### **Dr. Sheena Josselyn**

Senior Scientist  
Hospital for Sick Children  
Toronto, ON

**Making, breaking, and linking  
emotional memories.**

*(Keynote talk for Friday symposium)*

**Fri Mar 23**  
**RF 110**  
**9:00 am**

### **Introduction**

**Opening remarks for the  
CSBN Spring 2018 symposium**

**9:05 am**

### **Dr. Mary Kay Lobo**

Associate Professor of Anatomy & Neurobiology  
University of Maryland School of Medicine  
Baltimore, MD

**Neuron subtype targeting of dendritic  
complexity to promote stress resiliency.**

**10:00 am**

### **Coffee break**

**10:15 am**

### **Dr. Tak Pan Wong**

Associate Professor of Psychiatry  
Douglas Mental Health Institute, McGill University  
Montreal, QC

**Hippocampal ensembles and susceptibility  
to depression-related phenotypes.**

**11:10 am**

### **Graduate student talks**

**12:00 pm**

### **Student poster session with lunch**

**1:30 pm**

### **Dr. Maithe Arruda-Carvalho**

Assistant Professor of Psychology  
University of Toronto  
Scarborough, ON

**Prefrontal-amygdala maturation and  
ontogeny of emotional learning.**

**2:30 pm**

### **Dr. Rosemary Bagot**

Assistant Professor of Psychology  
McGill University  
Montreal, QC

**Transcriptional mediators of susceptibility  
to chronic stress.**

**3:30 pm**

**Concluding remarks**
