- The number of electives credits you need outside of concentration will vary depending on whether you are in a 90, 108 or 120 credit program. All students must complete a minimum of 24 elective credits outside of the department. This is what is known as the 24 credit rule. Within these 24 elective credits, you will need to fulfill the General Education Requirements. You will need to complete either 6 or 12 credits (depending on the year you were admitted) of General Education courses. Please consult section 31.004 of the Undergraduate Calendar for more information. The remaining credits to complete your degree are elective credits.

PLEASE REMEMBER: It is your responsibility to make sure that your course selection and registration is correct and complete, and that you observe the University's regulations and deadlines.

In the case of a discrepancy between information on this check sheet and the information published in the Undergraduate Calendar, the Undergraduate Calendar will prevail.
