3. Presentation on the Faculty of Fine Arts

Mr. Kruyt informed the Board that, due to illness, Dean Wild was unable to make her presentation at today's meeting.

4. Presentation on Commerce and Administration Students' Association (CASA) initiatives

Mr. Kruyt invited Mr. Victor Esposito, President of the Commerce and Administration Students' Association (CASA), to address the Board. Mr. Esposito began by noting that CASA is a student-run organization representing over 7000 JMSB undergraduate students, committed to serving the needs of the latter by providing a wide range of academic support and extra curricular activities designed to enhance the value of their university experience.

Mr. Esposito said that the learning experience should be extended outside of the classroom to allow students to achieve real life experience. Accordingly, CASA's primary objective is to offer students an opportunity to bridge the gap between theory and practice in order to properly prepare them for the future. CASA is composed of several sub-groups, which are either discipline-oriented or project-based. He was proud to convey recent achievements and successes, both at the provincial level, such as winning the Commerce Games and Happening Marketing, and international level, the most recent of which was winning Bronze at the Network of International Business Schools in Coventry, England. He also spoke of the great success of the CASA initiative *Five Days for the Homeless*, which raised \$40,000, and of new initiatives such as the recent business banquet and the corporate partners' package.

In closing, Mr. Esposito encouraged Governors to support CASA while specifying the various ways in which this could be achieved (financial contribution, acting as judges for

case competitions, being a guest speaker at the speakers' series, corporate presence at the business banquet).

5. Establishment of an Advisory Search Committee for a Dean of the Faculty of Arts and Science

Upon motion duly moved and seconded (Di Grappa, Rosenshein), it was unanimously RESOLVED:

6. Report of the President

Mr. Di Grappa also welcomed Prof. Joanne Locke and thanked her for agreeing to take on the assignment of Interim Dean. He also thanked Dr. Dandurand and Dr. Graham who had chaired the Advisory Search Committee for a Dean of the Faculty of Engineering and Computer Science.

The President noted that the latest edition of the *Concordia Journal* outlined the public consultation which is being held with respect to the strategic initiatives. He reminded Governors that the process had begun two years ago following input from the community, further to which nine themes were identified. Workgroups, each including

wide representation of internal and external members of the community, were established to refine the themes. Eight of the nine workgroups have produced reports which were submitted to Senate which, in turn, referred them to the Senate Committee on Academic Planning and Priorities (SCAPP). SCAPP has produced a report, and a series of town hall meetings will be held over the next two weeks to allow discussion and input from the faculty, staff and students. President-elect Woodsworth has been kept apprised of the evolution of the initiatives. The report will be submitted for her consideration to begin the articulation of a strategic plan.

Mr. Di Grappa also updated the Board on the formulation of the 2008/2009 budget. He noted that the budget will be presented at the May Board meeting as well as a projection of the final results for 2007/2008. Since January, considerable work has been done to ameliorate the budget formulation process in order to better understand what we do and how the money is spent. He noted that some tangible results can already be noticed pursuant to the memo issued on April 1 outlining cost-saving measures and that other revenue generating possibilities are also being looked into. President-elect Woodsworth is also being kept apprised of the budget situation.
