EDUCATION

Bachelor of Engineering – Industrial Engineering

May 2026

Concordia University – Montreal QC

- **Relevant courses:** Operations Research, Statistics & Data Analysis, Project Management, Engineering Economics, Process Improvement & Systems Optimization
- CGPA 4.1/4.3, graduated with highest academic standing in Industrial Engineering

PROFESSIONAL EXPERIENCE

Shift Manager, Aritzia – Montreal QC

April 2022 - present

- Supervise a team of up to 15 employees per shift in a high-volume environment (~\$50K daily sales), coordinating operations to maintain service quality and efficiency.
- Train and mentor new hires and initiated an onboarding guide to standardize operations and service procedures.
- Drive sales performance and team engagement, exceeding monthly sales targets by 10-12%, and reducing employee turnover by 20% through coaching, recognition, and clear performance expectations.

Consulting Intern, Global Consulting – Montreal QC

May 2024 – Aug 2024

- Supported 3+ client engagements through data analysis, benchmarking, and market research using Excel and PowerPoint, contributing to strategic recommendations.
- Analyzed operational and financial datasets (1,000+ rows) in advanced Excel to identify efficiency gaps, informing initiatives projected to improve performance or reduce costs by 5–10%.
- Developed client-ready presentations and executive summaries in PowerPoint, translating analysis into clear, structured insights.

ACADEMIC PROJECTS

Operations Optimization Project

Winter 2025

- Led a team of four analyzing a simulated manufacturing system to identify bottlenecks and inefficiencies.
- Drove process improvements using quantitative and scenario analysis, increasing projected throughput by 15%.
- Presented findings using a structured, consulting-style presentation format.

LEADERSHIP & INVOLVEMENT

Member, Case Competition Student Association – Montreal QC

Sep 2024 – May 2026

Member, Engineering Student Association, Concordia University – Montreal QC

Sep 2022 – May 2026

- Collaborated with peers to organize academic and professional development events attended by 100+ participants and supported initiatives focused on networking and career readiness.

Participant - Concordia Undergraduate Case Competition (CUCC) – Montreal QC

Sep 2025

- Competed in a university-level consulting case competition, achieving 2nd place out of 40 teams.

SKILLS

Languages: English (fluent), French (professional proficiency)

Tools: Microsoft Excel (advanced), PowerPoint, Word, basic SQL

INTERESTS

Endurance running (Completed 3 marathons, 2022-2025) • Travel (visited 10+ countries across Central and South America) • Chess (award winning competitor at regional level) • Cosplay (costume design and creation for conventions)
