

## GINA CODY SCHOOL OF ENGINEERING AND COMPUTER SCIENCE

# Information Guide for Undergraduate students

## The Department of Computer Science and Software Engineering

Room ER-1075 2155 Guy St. Montreal, QC H3H 2L9 ER Building

## Topics we will cover

•	Contacts and Availabilities 3-4
•	Activating Accounts 5
•	Engineering Writing Test (EWT) 6
•	University Undergraduate Calendar . 7
•	English as a Second Language (ESL) . 8
•	Full-time vs. Part-time 9
•	DNE and DISC10
•	C- Rule for 200 level core courses 11
•	200 before 400 rule 12
•	Admission Letter 13 - 16
•	How to Register for Courses 17
•	Degree requirements 18

•	Course Sequences 1	<u>1</u> 9
•	Academic Requirements (Advisement	
	Report)2	20
•	Co-op and C.Edge2	21
•	GPA (Grade Point Average)	22
•	Annual Academic Assessment	23
•	Conditional / Failed Standing	24
•	Student Academic Services (SAS) 25-2	26
•	Leave of Absence / Withdrawal	27
•	Academic Integrity & Code of Conduct	28
•	Graduation	29
•	Student Resources 30-3	≀1

## **Contact Information:**

- •Chair of the Department: Dr. Paquet joey.paquet@concordia.ca
- •Program Director Bachelor of Computer Science: Dr. Wang ugpd-compsci@concordia.ca
- •Program Director Software Engineering: Dr. Rigby <a href="mailto:peter.rigby@concordia.ca">peter.rigby@concordia.ca</a>
- •Program Director COOP: Dr. Jayakumar jayakumar@cse.concordia.ca

- •Programs Assistants: Natallia Lapko, Carly Carruthers, Christina Bassila: <a href="mailto:cse-ugrad@concordia.ca">cse-ugrad@concordia.ca</a>
- Faculty Advisor: Amnah Abdul Razzak <u>amnah.abdulrazzak@concordia.ca</u>

# **Availabilities for Students**program assistants Natallia, Carly & Christina

#### **Mondays**

**ONLINE** advising 10am – 12pm https://concordia-ca.zoom.us/j/82586078275

#### **Tuesdays**

**IN-PERSON** advising 2pm – 4pm ER Building 10th floor

#### Wednesdays

**IN-PERSON** advising 2pm – 4pm ER Building 10th floor

#### **Thursdays**

ONLINE advising 2pm – 4pm https://concordia-ca.zoom.us/j/82586078275

## **Activating your Accounts**

The ENCS account is an account that is created specifically for Gina Cody School students. Students require this account in order to register for the **EWT test**. It is also required to access systems, applications, and computers managed by the School.

ENCS account: <a href="https://www.concordia.ca/it/services/encs-user-account.html">https://www.concordia.ca/it/services/encs-user-account.html</a>

The Office 365 (free) and Concordia email account is required to submit **Student Requests** for example.

Office 365 (free) and Concordia email account:
 <a href="https://www.concordia.ca/ctl/digital-teaching/microsoft-office-365.html">https://www.concordia.ca/ctl/digital-teaching/microsoft-office-365.html</a>

Add @Concordia.ca to your SAFE Sender list, and check your junk mail folder regularly to not miss important information!

## **Engineering Writing Test (EWT)**

#### All undergraduate GCS students must pass the EWT test.

To register for the <u>Engineering Writing Test (EWT)</u>, please setup your <u>ENCS account</u> by visiting <a href="http://www.concordia.ca/it/support.html">http://www.concordia.ca/it/support.html</a>. Please note that this can only be done in person.

- The EWT is offered only in person on campus. There is no online option available.
- The test is offered six times per year. There is always a sitting the week before a particular term starts (fall, winter, summer 1, summer 2) to allow students to enroll in ENCS 282 immediately for that term. There are also additional sittings at the end of the fall and winter sessions (December and April).
- Students must register themselves for the EWT on the EWT portal. If they are trying to register from outside the university network, they will need to use the VPN. Otherwise, they will receive a "site not available" message.
- Students are given two chances to pass the test before being forced to take ENCS 272 in addition to ENCS 282. The test comprises two parts: 1) an analysis of the argument structure of an opinion piece on a technical topic and 2) written description of trends visible in a graph.

For any questions regarding EWT test, please contact them directly at <a href="mailto:stuart.macmillan@concordia.ca">stuart.macmillan@concordia.ca</a>

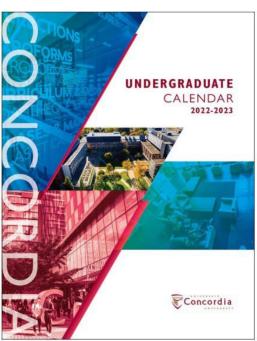

<u>Note</u>: Only when you receive results for EWT, you will be able to register for ENCS 282. Students may not register for ENCS 282 until they have fulfilled the writing skills requirement (EWT).

## **Undergraduate Calendar**

The Undergraduate Calendar is an official University document. It defines academic programs and the regulations that pertain to them.

## 2022-2023 Undergraduate Calendar

View the 2022-2023 Undergraduate Calendar

#### Course descriptions

- · Faculty of Arts and Science Courses
- · John Molson School of Business Courses
- Gina Cody School of Engineering and Computer Science Courses
- · Faculty of Fine Arts Courses
- Institute for Cooperative Education Courses
- University Skills Courses

#### Undergraduate Calendar:

https://www.concordia.ca/academics/undergraduate/calendar.html

## **English as a Second Language (ESL)**

English as a Second Language (ESL) courses are listed in the *Deficiencies* section of your Offer of Admission.

- If **ESL courses** are required at admission they should be completed within the first academic year and before registering for Engineering Writing Test (EWT) or ENCS 272.
- The **ConCEPT test** is a "second look" at your skills in English. A strong performance can potentially exempt you from one or more of the ESL courses assigned.

English as a Second Language (ESL) and ConCEPT test:

https://www.concordia.ca/artsci/education/programs/esl.html

## Full-time vs. Part-time

A student's status is determined by the number of credits for which she or he is registered at the end of the tuition refund period, in the following way:

- Full-time > registered in 12 or more credits per term
- Part-time status > registered in less than 12 credits in a term

If you are an **International Student** or receive **Financial Aid & Awards**, be mindful that your credit load could have an impact, so you would need to contact those offices directly for inquiries on this topic.

Official Resource for Full-time and Part-time status:

https://www.concordia.ca/students/registration/advising/full-part-status.html

## **DNE and DISC**

#### Important deadlines (check the Academic Calendar below):

• **DNE** (Did Not Enter): The <u>DNE deadline</u> is the date by which you can officially withdraw from a course without having to pay for it. If you drop a course before this deadline it won't appear on either your student record or official transcript.

• **DISC** (Discontinued): If you miss the <u>DNE deadline</u> but still want to drop a course you can, as long as it's done before the DISC deadline. It won't affect your GPA, a DISC notation will appear on your official transcript, and you are financially responsible for the payment of tuition and other fees pertaining to the course.

#### **Important Academic Dates:**

https://www.concordia.ca/students/undergraduate/undergraduate-academic-dates.html

## "C-"rule for 200-level courses

#### Minimum grade of C-:

All 200-level courses within the program which are prerequisites for other courses
must be completed with a <u>C- or higher</u>. A 200-level course in which a student has
obtained a D+ or lower must be repeated before attempting a course for which it
is a prerequisite.

#### Example:

COMP 249 is part of the program core and is a pre-requisite to COMP 352 and COMP 335, therefore a grade of C- or better is required in COMP 249 to register for COMP 352 and/or COMP 335.

#### Registration Regulations:

Section 71.10 Gina Cody School of Engineering and Computer Science - Concordia University

## "200 before 400 rule"

#### 200 before 400 rule:

- Students must complete (have a grade on the student record) all 200-level courses required for their program before registering for any 400-level courses.
- **Important to plan ahead**: If you are currently taking your last 200-level course the system will block you from registering for future terms in any 400-level course. A grade is required in all 200 level courses to be permitted to register in 400-level courses.

#### Registration Regulations:

Section 71.10 Gina Cody School of Engineering and Computer Science - Concordia University

## **Admission Letter**

The Admission Letter is the contract between you and the University. The letter includes your admission type, your program requirements and any additional requirements that may be needed.

Pay particular attention to your **Admission type** and the details under the page outlining **Transfer credits, Exemptions**, and **Deficiencies**.

#### Admission type:

- Regular
- Extended Credit Program (ECP)
- Mature Entry Program (MEP)

- **Transfer credits** are courses you have received credit for.
- **Exemptions** are courses you can't take at Concordia and receive credit.
- Deficiencies are courses you must complete in ADDITION to your program.

Understanding your Offer of Admission:

https://www.concordia.ca/students/your-sis/offer-of-admission.html

#### **PROGRAM INFORMATION**

Program/Plan(s): Bachelor of Computer Science

Academic Load: Full-Time

Session: Winter 2023 commencing January 9, 2023

Minimum Program Length: 90 credits

#### PROGRAM INFORMATION

Program/Plan(s): Bachelor of Computer Science

**Computer Science** 

Extended Credit Program (ECP)

Academic Load: Full-Time

Session: Fall 2024 commencing September 3, 2024

Minimum Program Length: 120 credits

#### **PROGRAM INFORMATION**

Program/Plan(s): Bachelor of Computer Science

**Computer Science** 

Mature Entry Program (MEP)

Academic Load: Full-Time

Session: Fall 2024 commencing September 3, 2024

Minimum Program Length: 108 credits

## **Admission Letter**

**Extended Credit Program (ECP):** Most students entering Concordia from a secondary school outside Quebec are admitted to the ECP. This requires the completion of 30 credits <u>in addition</u> to the regular 90- or 120-credit degree programs.

Mature Entry Program (MEP): Canadians and Permanent Residents who are 21 years of age or older and who lack the normal pre-university schooling may be considered for admission to the MEP, which requires successful completion of a minimum of 18 additional credits.

- Section 71.20.2 Alternative Entry Programs Concordia University
- Section 71.70.3 Extended Credit Program Concordia University
- Mature Entry Concordia University

#### **EXEMPTIONS / DEFICIENCIES / TRANSFER CREDITS**

Consult the Welcome Guide for New Concordians for an explanation of these terms.

**Exemptions:** Exemption(s) Granted:

MATH 201 ELEMENTARY FUNCTIONS MATH 206 ALGEBRA AND FUNCTIONS

Potential Exemption(s) based on courses in progress:

None

**Deficiencies:** To be taken as part of your program:

None

To be taken in addition to your program:

ESL 202 6 crs
ESL 204 6 crs
HUMA A or SOSC A 6 crs

Exemptions are courses you do not need to take. An exemption won't decrease the number of credits you need to complete your degree, but it will let you skip ahead to a more advanced course.

**Deficiencies** must be completed **in addition** to your program. Courses identified as "deficiencies" must be completed as early in your studies as possible.

Transfer Credits: Transfer Credit(s) Granted:

Not assessed

Potential Transfer Credit(s) based on courses in progress:

Not assessed

**Transfer credits** are credits you earned from another post-secondary institution (e.g. a college or university). They may count towards certain requirements of your current degree.

Concordia

## **How To Register For Courses**

#### Please review the following links:

Course registration

Search for classes

Visual Schedule Builder

Note: *Enrollment appointment date* is the first date on which you may begin the registration process for a term. Your individual date will be displayed in the Enrollment Dates box on your Student Center page.

#### Your undergraduate student lexicon:

https://www.concordia.ca/students/registration/advising/your-undergraduate-student-lexicon.html

## Degree requirements

**Program requirements:** the set of academic requirements that are mandatory for the award associated with your program of study.

#### Please refer to **your program** requirements:

Bachelor of Engineering, Software Engineering

**Bachelor of Computer Science** 

Bachelor of Computer Science Joint Major in Data Science

Bachelor of Computer Science Joint Major in Computation Arts and Computer Science

Bachelor of Computer Science in Health and Life Sciences

Minor in Computer Science

Extended Credit Program (BCompSc, including Joint Majors)

Extended Credit Program (BCompSc Health and Life Sciences)

Extended Credit Program and Mature Entry Program (SOEN)

Mature Entry Programs

<u>Note</u>: list(s) of electives can be found in your program requirements

## **Course sequences**

**Following your <u>course sequence</u> becomes very important** to make sure you stay on track and complete the necessary requisites before moving on to another course.

**Course sequences** show you which courses you should take for your particular program and in which term you should take them. The recommended course sequences do not take into account any deficiencies or advanced standing you've received, since these vary from one student to another.

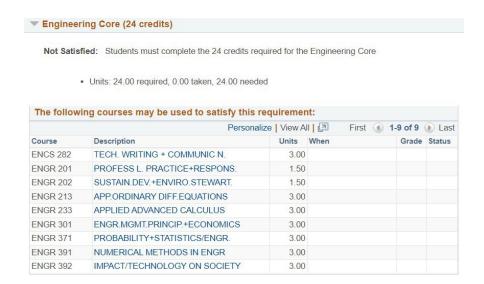

#### Please see below the list of course sequences for each of our programs:

Software Engineering	Computer Science	Joint Majors	
Regular	<u>Regular</u>	Data Science (regular)	
ECP and MEP	<u>ECP</u>	ECP Data Science  MEP Data Science	
	MEP	Health and Life Sciences (regular)	
WHICH COURSE SEQUENCE	SOEN program is normally 120	ECP Health and Life Sciences  MEP Health and Life Sciences	
*The duration of a regular	COMP program is normally 90 program is 120 credits, and MEP	Computation Arts (regular) ECP Computation Arts MEP Computation Arts	19

# Academic Requirements (Advisement Report)

The advisement report is an unofficial assessment of student's progress toward fulfilling their program requirements. The advisement report is NOT used to determine a student's eligibility to graduate.

For adjustments to the academic requirements report, please contact SAS.

#### How to view your Advisement report:

https://www.concordia.ca/students/your-sis/view-academic-requirements-report.html

## C.Edge and Co-op

**C.Edge and Coop** are internship programs offered by the *Institute for Co-operative Education* of Concordia. The Institute's mission is to successfully prepare students to meet their postgraduate goals through work-integrated learning opportunities that equip them with valuable work experience, skills and knowledge, and contribute to their professional and personal growth

<u>C.Edge</u> is the Institute's most flexible internship offering. It gives undergraduate students in eligible programs an opportunity to obtain <u>one paid internship</u> in a relevant field to better their transition to the workplace.

Regular <u>Co-op</u> program offers <u>three paid internships</u>. By alternating between study terms and internships, students get a head-start on their career, the chance to apply what you've learned in class, and the opportunity to gain practical work experience.

- Co-op Director: Dr. Rajagopalan Jayakumar 3011 S-ER 90 jayakumar@cse.concordia.ca
- Applications to join Co-op for current Concordia students are reviewed twice a year in September for fall, and in January for winter <u>How to apply?</u>

Institute for Co-operative Education (Co-op):

https://www.concordia.ca/academics/co-op.html

## **GPA (Grade Point Average)**

Your **grade point average** is the main calculation used to determine your academic performance.

Three different kinds of GPA may appear on your student record. Each one has a different meaning:

- •Your term GPA indicates your academic performance for that term.
- •Your **assessment GPA** is a calculation of grades for courses you have taken over an academic year (summer, fall and winter terms). Your AGPA determines your academic standing and whether you may continue your studies the following academic year. You need at least a 2.00 to continue your studies with no conditions.
- •Your cumulative GPA is the ongoing GPA for all your attempted courses within your degree.

GPA calculation is done automatically by the system as soon as grades are released.

<u>Understand how GPA calculations work</u>

See the university's academic performance regulations

## **Annual Academic Assessment**

The **Academic Assessment** is done during the month of May. You are assessed if you attempted at least 12 credits over an academic year (Summer, Fall, and Winter).

In the case of repeated courses in the same academic year, only the grade corresponding to the latest attempt of the course will be used in the calculation of the CGPA (both grades will appear on your student record).

- Acceptable GPA is at least a 2.00
- Conditional GPA is between 1.50-1.99

   meet with your department advisor
   prior to registration (some departments
   may have other conditions).
- Failed GPA is below 1.50 for the first time or below a 2.00 after a prior Conditional Standing assessment or after being readmitted from Failed standing (second level failed standing).

Details for Academic standing:

https://www.concordia.ca/students/registration/advising/gpa.html

## **Conditional / Failed Standing**

If you find yourself in conditional or failed standing and want to discuss your circumstances, you my reach out to Gabrielle Robinette (gabrielle.robinette@concordia.ca). Gabrielle is a Student Success and Retention Advisor in SAS. You may inform Gabrielle of issues affecting your performance such as: as time management, course selection, personal/family, and financial issues. You can book an appointment with Gabrielle via the following link:

https://outlook.office365.com/book/AdvisingAppointments1@liveconcordia.onmicrosoft.com/

When you are in failed standing:

https://www.concordia.ca/students/success/learning-support/students-in-failed-standing.html

## **Student Academic Services (SAS)**

#### How can SAS help?

#### **Registration questions and issues** Registration Request

- Permission to enroll in a Graduate-level course for undergraduate students
- Request course permissions in extenuating circumstances (ex. Missing pre-requisite)

#### Take a course at another institution <a href="https://www.concordia.ca/ginacody/students/academic-services/undergraduate/requests.html">https://www.concordia.ca/ginacody/students/academic-services/undergraduate/requests.html</a>

- Within Quebec
- Outside Quebec

#### **Course substitution** Request a Course Substitution

- \* Permission to take a course that is not part of the student's current program.
- \* To replace a course previously taken at Concordia required in their current program with an equivalent course.

#### Internal Transfer Credits (for courses taken at Concordia): Request Internal Transfer credits

When students change degrees, their credits are not transferred automatically. They need to submit *Internal Transfer Credits* request to have them transferred.

#### Add / Drop a Minor Request Add/Drop a Minor

<u>Computer Science students:</u> Contact and apply directly with the offering department. (No Student Request is required.) **Engineering students:** Students must have completed a minimum of 20 credits in their Engineering program.

Students must maintain a CGPA of 2.70 in their program courses. If approved, it is the responsibility of the student to add the Minor at the respective Faculty.

## **Student Academic Services (SAS)**

#### How can SAS help?

#### **External Transfer Credits (for courses taken outside Concordia)**

See the complete instructions on the <u>Transfer Credit Exemption form</u> and submit the request and all supporting documents to <u>transfercredits-requests@encs.concordia.ca</u>

#### Request to repeat a course Request to take a course a third time or more

- A grade must be posted on the Student Record for both previous attempts.
- Please note that a DISC course does not count as an attempt.

Refer to section 16.2.6: Repetition of Courses in the Undergraduate Calendar for more information.

#### Request a credit overload Request a Credit Overload

Except for students registered for the co-operative format, the maximum load in the summer sessions is 14 credits, with no more than eight credits in either of its terms. In the fall and winter terms, the maximum load is 19 credits, except for students registered in the co-operative format. https://www.concordia.ca/content/dam/concordia/offices/registrar/docs/calendar/21-22/sec71.pdf

#### Late Registration, Late Withdrawal, and Tuition Refund

Download the form and see the complete instructions on <u>Late Registration</u>, <u>Late Withdrawal</u>, <u>and Tuition Refund</u> form. Submit the completed form and all supporting documents by email to <u>sas-front-desk@encs.concordia.ca</u>.

#### Change of Concentration <a href="https://www.concordia.ca/ginacody/students/academic-services/undergraduate/requests.html">https://www.concordia.ca/ginacody/students/academic-services/undergraduate/requests.html</a>

- Engineering students
- Computer Science Students

#### Visit SAS:

## Leave of Absence / Withdrawal

#### **Leave of Absence**

According to the <u>Undergraduate Calendar Section</u> 16.1.5, Rule 5, on Lapsed Program Status, you do not need to ask for a leave of absence from your program.

Students in the GCS who have been absent from their program for **six consecutive terms or more** will be withdrawn from their program and must submit a new application for admission through the Admissions Application Centre.

Academically, the above means that students may be absent for five consecutive terms (including summer terms) without being withdrawn from their program.

Note 1: If you are in Co-op, you will need permission to take a leave of absence from your program. You will need to email the Institute of Co-operative Education, <a href="mailto:info.coop@concordia.ca">info.coop@concordia.ca</a> and the Co-op Director in your department.

Note 2: International students should contact the ISO before taking a leave of absence.

#### Withdrawal from University

Here are the steps to formally withdraw from the University:

https://www.concordia.ca/students/registration/course-withdrawals/university-withdrawal.html

## **Academic Integrity & Code of Conduct**

Academic integrity is key to academic success at Concordia University.

Get familiar with the rules and clarify all questions with the course professor that you may have when writing papers or sitting for exams.

The most common offense under the <u>Academic Code of Conduct</u> is plagiarism, which the Code defines as "the presentation of the work of another person, in whatever form, as one's own or without proper acknowledgement" (Article 19a)

<u>Understanding Plagiarism</u>

## Graduation

#### There are two graduation cycles per year:

- <u>Spring Convocation</u>: if you will be completing all requirements by the end of the fall/winter term. Students may apply for graduation from September 1<sup>st</sup> to January 15<sup>th</sup>
- <u>Fall Convocation</u>: if you will be completing all requirements by the end of summer term. Students may apply for graduation from May 1<sup>st</sup> to July 15th

The sooner you apply, the sooner your file will be reviewed!!! Once you apply to graduate, the Office of the Registrar will conduct an official degree audit. Kindly note that they do not communicate with potential graduates unless there are issues with their application. In other words, no news is good news.

How to apply for graduation: Apply for graduation

For your questions about graduation ceremony, it is best to contact the Office of the Registrar (Tel: 514-848-2424, ext. 2668 Email: <a href="mailto:students@concordia.ca">students@concordia.ca</a>)

#### Graduation and Convocation:
