Subject: Important Notes and Curriculum Changes in the 2023-2024 Undergraduate Calendar

**This is an update of the curriculum letter issued on March 17, 2023.*

Dear Student,

Each academic year, all students enrolled in our **Software Engineering** program are sent a letter advising them of curriculum changes that have occurred since their entry into the program. As such, the present letter is to advise you of changes to your program that will appear in the 2023 - 2024 Undergraduate Calendar.

It is important to read this entire letter, as these changes may affect your selection of courses or potentially your graduation. Students must meet the requirements of their program according to the calendar of their graduating year. This letter, as well as past ones, can be found on the following website under *Software Engineering Information and Forms, Curriculum Requirements Letters*:

<https://www.concordia.ca/ginacody/computer-science-software-eng/students/undergraduate.html>

Should you have any questions regarding this letter and any of the curriculum changes therein, please do not hesitate to contact your Undergraduate Program Assistants, Ms. Carly Carruthers and Ms. Natallia Lapko:

- By email at cse-ugrad@concordia.ca
- By phone at 514-848-2424 extensions 7915 and 3053; or
- In-person, ER Building, 10th floor

Please be reminded that you can always consult your program requirements and course descriptions by referring to the following websites:

<https://www.concordia.ca/academics/undergraduate/calendar/current/section-71-gina-cody-school-of-engineering-and-computer-science.html>

and

<https://www.concordia.ca/academics/undergraduate/calendar/current/section-71-gina-cody-school-of-engineering-and-computer-science/section-71-70-department-of-computer-science-and-software-engineering/section-71-70-9-degree-requirements-for-the-beng-in-software-engineering.html>

Please read the following pages carefully.

VERY IMPORTANT:

- 1. Students must have completed all 200-level courses required for their program before they can register for any 400-level course.**
- 2. All 200-level courses within the program, taken after September 1, 2012 which are prerequisites for other courses, must be completed with a C- grade or better. A 200-level course in which a student obtained a D+ grade or lower must be repeated before attempting any course for which this 200-level course is a prerequisite.**
- 3. Any course(s) that you are required to repeat due to conditional standing or readmission conditions must be completed with a grade of C- or better prior to graduation. This requirement will NOT be waived.**
- 4. Students are required to graduate having met the substantial equivalent of the curriculum in force in the winter term prior to their degree conferral.**
- 5. Students may now submit a request to write a supplemental exam, conditional on meeting the requirements highlighted in section 71.10.3 of the 2023-2024 Undergraduate Calendar. Meeting the conditions does not guarantee the approval of the request.**
- 6. In order to graduate, students must:**
 - i. Satisfy all their program requirements;**
 - ii. Be in acceptable standing in their last annual assessment; and**
 - iii. Have a minimum final graduation GPA of 2.00.**

The academic standings of potential graduates who have attempted less than 12 credits since their last assessment are determined on the basis that these credits constitute an extension of the last assessment period.

- 7. Graduation does NOT occur automatically and you must apply for graduation. The application form can be found at: <https://www.concordia.ca/students/your-sis/apply-to-graduate.html>**

The deadlines to apply for graduation are:

- January 15th for Spring Convocation; or**
- July 15th for Fall Convocation.**

Changes to the Software Engineering Program:

1. Changes to the Engineering Core

No changes have been made to the Engineering Core.

2. Changes to the Software Engineering Core

Changes have been made to the Software Engineering Core

a) The credits for the following courses **have been increased as follows:**

- SOEN 341 Software Process and Practices – has increased from 3 to 4 credits.
SOEN 341 Software Process and Practices is now a 4-credit course with a lab.
- SOEN 342 Software Requirements and Deployment – has increased from 3 to 4 credits.
SOEN 342 Software Requirements and Deployment is now a 4-credit course with a lab.
- SOEN 343 Software Architecture and Design – has increased from 3 to 4 credits.
SOEN 343 Software Architecture and Design is now a 4-credit course with a lab.
- SOEN 345 Software Testing, Verification and Quality Assurance – has increased from 3 to 4 credits.
SOEN 345 Software Testing, Verification and Quality Assurance is now a 4-credit course with a lab.
- SOEN 490 Capstone Software Engineering Design Project – has increased from 4 to 6 credits.
SOEN 490 Capstone Software Engineering Design Project is now a 6-credit course.

b) The following course **has been removed** from the Software Engineering Core.

- SOEN 385 Control Systems (3.00) has been removed.
- SOEN 385 Control Systems will be replaced by a 3-credit course from the new Engineering and Natural Science Group: Software Engineering. Students can select one of the following courses:
 - ENGR 245 Mechanical Analysis (3.00)
 - MIAE 221 Materials Science (3.00)

3. Changes to the Computer Science Group

No changes have been made to the Computer Science Group.

4. Basic and Natural Science Courses

Changes have been made to the Basic and Natural Science Courses

- This group has been removed.
- The Canadian Engineering Accreditation Board is now allowing additional Natural Science (NS) Accreditation Units to be claimed from CEGEP studies. Students no longer have to take the 6 credits in Basic and Natural Courses.

5. Engineering and Natural Science Group: Software Engineering

Changes have been made to the Engineering and Natural Science Group: Software Engineering

- This group has been **introduced to replace SOEN 385 (3.00)** from the Software Engineering Core. SOEN 385 will be replaced by a 3-credit course from this new Engineering and Natural Science Group: Software Engineering. Students can select one of the following courses:
 - ENGR 245 Mechanical Analysis (3.00)
 - MIAE 221 Materials Science (3.00)

6. Software Engineering Elective Course Groups

Changes have been made to the Software Engineering Elective Course Groups

- A new subheading has been created for the Software Engineering Elective Course Groups to separate them more clearly from the program requirements and to give them better visibility on the Calendar page.
- COMP 438 Geometric Modelling and Processing (4.00) has been added to the Computer Games Group: Software Engineering.

7. Regular Program requirements

Students in the ECP or MEP program should refer to Point 8 below.

The following transition measures will apply to current Software Engineering students admitted before Summer 2023 to the regular 120-credit program.

I. For students who completed at least two courses from Table 4:

- Students currently in the program who have completed either SOEN 385 or a Basic Science course from Table 1 will get 3-credits for the Engineering and Natural Science group (Table 2) and do not need to complete courses from this group.
- If you have not yet completed SOEN 385 or any Basic Science course from Table 1, you need to complete 1 course (3-credits) from the Engineering and Natural Science group (Table 2).

II. Any extra credits accrued in Basic Science courses from Table 1 will apply towards the Software Engineering Elective credits requirement.

III. Any missing credits from having done the 3-credit versions of SOEN 341, 342, 343, 345 will be replaced by Software Engineering Elective credits.

IV. Students in the regular 120-credit program should consult the appropriate table as given below for the exact number of Engineering and Natural Science credits and SOEN Elective credits (from [Section 71.70.9](#)) that will be required.

| Number of completed courses from Table 4 | Transition table to be consulted: |
|--|-----------------------------------|
| 2 or more courses | Transition Table A |
| 1 course | Transition Table B1 |
| 0 courses | Transition Table B2 |

For all Transition Tables A, B1, and B2, it is assumed the student has *not completed* SOEN 490 before Summer 2023. Students who have completed SOEN 490 before Summer 2023 for 4-credits will need to add 2-credits to the SOEN Elective credits in the Transition Tables A, B1, and B2 below.

The “Total # of SOEN elective credits required” refers to Software Engineering Electives from [Section 71.70.9](#).

8. ECP and MEP requirements

Changes have been made to the ECP and MEP requirements

- The ECP and MEP requirements have increased from 24-credits to now 30-credits. This credit increase reflects changes from the Canadian Engineering Accreditation Board. This only applies to students admitted in Fall 2023 and onwards.
- The total number of credits required for ECP and MEP students admitted before Summer 2023 *remains unchanged*.

The following transition measures will apply to current Software Engineering Students admitted before Summer 2023 to the ECP or MEP programs.

- I. Students currently in the program who have completed SOEN 385 will get 3-credits for the Engineering and Natural Science group (Table 2) and do not need to complete any courses from this group.
- II. **For students who have not completed any course from Table 4:**
 - If you have not yet completed SOEN 385, you need to complete 1 course (3-credits) from the Engineering and Natural Science group (Table 2).
 - Students are now required to complete 6-credits from Table 3. (For the academic year 2023-2024, courses from Table 1 may also be taken.) These credits will apply towards the Software Engineering Elective credits requirement.
- III. **For students who have completed exactly one course from Table 4:**
 - If you have not yet completed SOEN 385, you need to complete 1 course (3-credits) from the Engineering and Natural Science group (Table 2).
 - Students are now required to complete 3-credits from Table 3. (For the academic year 2023-2024, courses from Table 1 may also be taken.) These credits will apply towards the Software Engineering Elective credits requirement.
- IV. Any missing credits from having done the 3-credit versions of SOEN 341, 342, 343, 345 will be replaced by Software Engineering Elective credits.

V. Students in the ECP and MEP programs should consult the appropriate table as given below for the exact number of SOEN Elective credits, Engineering and Natural Science credits, and Basic Science credits that will be required.

| Number of completed courses from Table 4 | Transition table to be consulted: |
|--|-----------------------------------|
| 2 or more courses | Transition Table A |
| 1 course | Transition Table B1 |
| 0 courses | Transition Table B2 |

For all Transition Tables A, B1, and B2, it is assumed the student has *not completed* SOEN 490 before Summer 2023. Students who have completed SOEN 490 before Summer 2023 for 4-credits will need to add 2-credits to the SOEN Elective credits in the Transition Tables A, B1, and B2 below.

The number of SOEN Elective credits refers to Software Engineering Electives from [Section 71.70.9](#).

| | |
|---|--|
| Indicates an <i>increase</i> in credits | Indicates a <i>decrease</i> in credits |
|---|--|

Transition Table A: For current Software Engineering students in the regular 120-credit program and any other students admitted before Summer 2023, who have completed at least two courses from Table 4.

| <u>Prior to Summer 2023</u> | | <u>As of Summer 2023</u> | |
|--|-------------------------------|---|---|
| # of Basic Science courses completed before Summer 2023 (see Table 1) | SOEN 385 complete (Yes or No) | Total # of SOEN elective credits required | # of Engineering and Natural Science credits required (see Table 2) |
| Completed 4 courses out of SOEN 341, SOEN 342, SOEN 343, and SOEN 345, prior to Summer 2023: | | | |
| 0 | Yes | 20 credits | 0 credits |
| 0 | No | 20 credits | 3 credits |
| 1 | Yes | 17 credits | 0 credits |
| 1 | No | 20 credits | 0 credits |
| 2 | Yes | 14 credits | 0 credits |
| 2 | No | 17 credits | 0 credits |
| Completed 3 courses out of SOEN 341, SOEN 342, SOEN 343, and SOEN 345, prior to Summer 2023: | | | |
| 0 | Yes | 19 credits | 0 credits |
| 0 | No | 19 credits | 3 credits |
| 1 | Yes | 16 credits | 0 credits |
| 1 | No | 19 credits | 0 credits |
| 2 | Yes | 13 credits | 0 credits |
| 2 | No | 16 credits | 0 credits |
| Completed 2 courses out of SOEN 341, SOEN 342, SOEN 343, and SOEN 345, prior to Summer 2023: | | | |
| 0 | Yes | 18 credits | 0 credits |
| 0 | No | 18 credits | 3 credits |
| 1 | Yes | 15 credits | 0 credits |
| 1 | No | 18 credits | 0 credits |
| 2 | Yes | 12 credits | 0 credits |
| 2 | No | 15 credits | 0 credits |
| Completed 1 course out of SOEN 341, SOEN 342, SOEN 343, and SOEN 345, prior to Summer 2023: | | | |
| 0 | Yes | 17 credits | 0 credits |
| 0 | No | 17 credits | 3 credits |
| 1 | Yes | 14 credits | 0 credits |
| 1 | No | 17 credits | 0 credits |
| 2 | Yes | 11 credits | 0 credits |
| 2 | No | 14 credits | 0 credits |
| Completed 0 courses out of SOEN 341, SOEN 342, SOEN 343, and SOEN 345, prior to Summer 2023: | | | |
| 0 | Yes | 16 credits | 0 credits |
| 0 | No | 16 credits | 3 credits |
| 1 | Yes | 13 credits | 0 credits |
| 1 | No | 16 credits | 0 credits |
| 2 | Yes | 10 credits | 0 credits |
| 2 | No | 13 credits | 0 credits |

| | |
|---|--|
| Indicates an increase in credits | Indicates a decrease in credits |
|---|--|

Transition Table B1: For current Software Engineering students in the regular 120-credit program and any other students admitted before Summer 2023, who have completed exactly one course from Table 4.

| SOEN 385 complete (Yes or No) | Total # of SOEN elective credits required | # of Engineering and Natural Science credits required (see Table 2) | Total # of Basic Science credits required from Table 3 ¹ <i>¹For the 2023-24 academic year, courses from Table 1 are also permitted</i> |
|---|---|---|--|
| Completed 4 courses out of SOEN 341, SOEN 342, SOEN 343, and SOEN 345, prior to Summer 2023: | | | |
| Yes | 17 credits | 0 credits | 3 credits |
| No | 17 credits | 3 credits | 3 credits |
| Completed 3 courses out of SOEN 341, SOEN 342, SOEN 343, and SOEN 345, prior to Summer 2023: | | | |
| Yes | 16 credits | 0 credits | 3 credits |
| No | 16 credits | 3 credits | 3 credits |
| Completed 2 courses out of SOEN 341, SOEN 342, SOEN 343, and SOEN 345, prior to Summer 2023: | | | |
| Yes | 15 credits | 0 credits | 3 credits |
| No | 15 credits | 3 credits | 3 credits |
| Completed 1 course out of SOEN 341, SOEN 342, SOEN 343, and SOEN 345, prior to Summer 2023: | | | |
| Yes | 14 credits | 0 credits | 3 credits |
| No | 14 credits | 3 credits | 3 credits |
| Completed 0 courses out of SOEN 341, SOEN 342, SOEN 343, and SOEN 345, prior to Summer 2023: | | | |
| Yes | 13 credits | 0 credits | 3 credits |
| No | 13 credits | 3 credits | 3 credits |

| | |
|---|--|
| Indicates an increase in credits | Indicates a decrease in credits |
|---|--|

Transition Table B2: For current ECP and MEP Software Engineering Students and any other students admitted before Summer 2023, who have not completed any courses from Table 4.

| SOEN 385 complete (Yes or No) | Total # of SOEN elective credits required | # of Engineering and Natural Science credits required (see Table 2) | Total # of Basic Science credits required from Table 3 ¹ <i>¹For the 2023-24 academic year, courses from Table 1 are also permitted</i> |
|---|---|---|--|
| Completed 4 courses out of SOEN 341, SOEN 342, SOEN 343, and SOEN 345, prior to Summer 2023: | | | |
| Yes | 14 credits | 0 credits | 6 credits |
| No | 14 credits | 3 credits | 6 credits |
| Completed 3 courses out of SOEN 341, SOEN 342, SOEN 343, and SOEN 345, prior to Summer 2023: | | | |
| Yes | 13 credits | 0 credits | 6 credits |
| No | 13 credits | 3 credits | 6 credits |
| Completed 2 courses out of SOEN 341, SOEN 342, SOEN 343, and SOEN 345, prior to Summer 2023: | | | |
| Yes | 12 credits | 0 credits | 6 credits |
| No | 12 credits | 3 credits | 6 credits |
| Completed 1 course out of SOEN 341, SOEN 342, SOEN 343, and SOEN 345, prior to Summer 2023: | | | |
| Yes | 11 credits | 0 credits | 6 credits |
| No | 11 credits | 3 credits | 6 credits |
| Completed 0 courses out of SOEN 341, SOEN 342, SOEN 343, and SOEN 345, prior to Summer 2023: | | | |
| Yes | 10 credits | 0 credits | 6 credits |
| No | 10 credits | 3 credits | 6 credits |
