May 1, 2011

STUDENT NAME ADDRESS

Subject: Important Notes and Curriculum Changes in the 2011-2012 Calendar

Dear Student,

Each May, all students enrolled in the **Industrial Engineering** program are mailed a letter advising them of curriculum changes that have occurred since their entry into the program. This letter, including past ones, can also be viewed at the following website:

http://www.encs.concordia.ca/current-students/undergraduate-program-requirements/course-sequences/industrial-engineering/

This letter is to advise you of any additional changes that will appear in the 2011-2012 Calendar which may affect your selection of courses. It will also be placed at the above mentioned sequence site for your convenience. Should you have any questions regarding this issue, please do not hesitate to contact Student Academic Services at (514) 848-2424, extension 3055.

You can view the program requirements and course descriptions at the following website: http://registrar.concordia.ca/calendar/pdf/calendar_pdf.html

VERY IMPORTANT: Students must have completed all 200-level courses required from their program before they can register for *any* 400-level course.

Students are required to graduate having met the substantial equivalent of the curriculum in force in the Winter Term prior to degree conferral.

You must apply for graduation. Graduation Application deadlines: Spring Convocation January 15th, Fall Convocation July 15th. Additional information can be viewed at the following website: http://registrar.concordia.ca/convo/gradapp.html.

1. Changes to the Engineering Core

ELEC 275 Principles of Electrical Engineering has been *deleted* from the Industrial Engineering Program. Students who have completed this course prior to May 2011 may use this course to reduce their total number of Technical Electives. This transitional measure may be rescinded after June 2016.

2. Changes to the Industrial Engineering Core

MECH 370 Modelling, Simulation and Control Systems has been *taken out* from the Industrial Engineering Core and *moved* to the Industrial Engineering Technical Electives list. As of May 1, 2011, students are no longer required to use this course as an Industrial Core requirement.

3. Changes to the Industrial Engineering Technical Electives

Students are now required to complete a minimum of 18.00 credits from the list of Technical Electives, with no more than two of the courses marked *. See section 71.40.2 of the 2011-2012 Undergraduate Calendar.

DESC 385 Decision Support Systems is no longer part of the Industrial Engineering Program. Students who have completed this course prior to May 2011 may use this course to reduce their total number of Technical Electives. This transitional measure may be rescinded after June 2016.

MECH 370 Modelling, Simulation and Control Systems is now offered as a Technical elective.
