STUDENT NAME
ADDRESS

Subject: Curriculum Changes in the 2008-2009 Calendar

Dear Student,

Each May, all students enrolled in the **Electrical Engineering** program are mailed a letter advising them of curriculum changes that have occurred since their entry into the program. This letter, included past ones, can also be viewed at the following address for your convenience:

http://www.encs.concordia.ca/scs/content/Sequences_ELEC.htm.

This letter is to advise you of any additional changes that will appear in the 2007-2008 Calendar which may affect your selection of courses. Should you have any questions regarding this issue, please do not hesitate to contact Student Academic Services at (514) 848-2424, extension 3055.

You can view the program requirements and course descriptions at the following website:
http://registrar.concordia.ca/calendar/pdf/calendar_pdf.html

VERY IMPORTANT: Students must have completed all 200-level courses required from their program before they can register for *any* 400-level course.

1. Changes to the Engineering Core

- a) ENGR 492 Impact of Technology on Society has been replaced with ENGR 392 Impact of Technology on Society.

2. Electrical Engineering Core

- a) The three courses
ELEC 261 Complex Variables for Electrical and Computer Engineers
ELEC 361 Signals and Systems
ELEC 362 Partial Differential Equations
have been replaced by
ELEC 264 Signals and Systems I.
ELEC 364 Signals and Systems II
ELEC 365 Complex Variables and Partial Differential Equations.

b) Students who have completed ELEC 261, 361, and 362 you will not need to take the new courses. Therefore:

1. If you have completed all of the old courses you may continue your program as before.
2. If you have completed one or two of the old courses, **you must complete the rest by the end of 2008-2009 academic year or risk having to do more courses in the future.**
3. If you have not taken any of the old courses, **either complete all three of the old courses before the end of the 2008-2009 academic year** or wait until January 2009 and complete the new courses (ELEC 264, ELEC 364, and ELEC 365).

3. Telecommunications Option

3a. Telecommunications Core

There were no changes in the Telecommunications Option Core.

3b. Telecommunications Technical Electives

The credits for ELEC 456 Antennas have been changed from 3.0 to 3.5

4. Electronics/Systems Option

4a. Electronics/Systems Core

The credits for ELEC 456 Antennas has been changed from 3.0 to 3.5

4b. Electronics/Systems Technical Electives

- a) ENCS 245 Mechanical Analysis has been replaced with ENGR 245 Mechanical Analysis.
- b) ENCS 472 Robot Manipulators has been replaced with ENGR 472 Robot Manipulators
- c) The credits for ELEC 456 Antennas have been changed from 3.0 to 3.5

5 Power Institute:

Students accepted by the Institute for Electrical Power Engineering are expected to complete five courses as required by the Institute, and offered by participating universities, from among: ELEC 430, 431, 432, 433, 434, 435, 436, and 438. Some of these courses are offered in French. Students register for courses at their home universities. Students accepted by the Institute must complete a minimum of 120 credits in total.
