

From, March 30 to April 6:

Department of Electrical and Computer Engineering

Job offer: Research Assistant: Bio-Imaging and Healthy Aging

We are seeking applications for a part-time (5 hours/week) Research Assistant position to support the research activities of the NSERC Research Chair in Bio-imaging and Healthy Aging (B-healthy).

Reporting to Dr. Habib Benali the role of the Research Assistant will be to support research activities conducted by the B-healthy team related to mathematical modeling of brain anatomy and function. This will include:

- Participate in project meetings with other researchers.
- Help to find participants for research study and communicate with candidates appropriately.
- Assist for data collection.
- Analyzing data obtained from research.
- Assist the research chair with the preparation of publications.

Requirements

- Bachelor's degree in sciences and some experience working with academic research projects.
- High level of personal initiative, innovation, and flexibility.
- Knowledge in Neuroimaging would be an asset.
- Good knowledge of spoken and written English.
- Excellent communication and interpersonal skills discipline.

The successful candidate will be based at Concordia EV building and University's PERFORM Centre (Loyola campus).

Appointment

The Assistant position is a part-time (5 hours/week) **contract appointment from April 10, 2023 – August 25, 2022**. The annual salary will be \$22.14 per hour.

Application Procedure

Applications should be submitted and addressed to **Habib Benali** at Benali.lab@concordia.ca **no later than Thursday April 6th, 2023, by 5:00 pm EST.**

A complete application must include the following:

- A cover letter.
- A current curriculum vitae

All enquiries should be addressed to Dr. Benali.

Only complete applications will be considered.

Concordia University is committed to Employment Equity and encourages applications from women, Aboriginal Peoples, visible minorities, ethnic minorities, and persons with disabilities.
