Registration Essentials

How do I register for classes?

Student registration is accessible within the [Student Centre](#) or the [My CU Account](#) page of the Student Hub. Detailed information and how-to guides can be found here [Course registration - Concordia University](#).

If you need assistance for any particular reason, please email your [Undergraduate Program Assistant](#) and include your Student ID as well as detailed course information (i.e. term, lecture, lab and tutorial), as follows:

Information we need:	Where to find the information	Example:
Summer/Fall/Winter YEAR Lec ABCD 123-CC (2964) Tut ABCD 123-CCF (2969) Lab ABCD 123- CI-X (2966)	MIAE 215 Programming for Mechanical and Industrial Engineers LEC T 7306 Seats: 62/90 LAB GI-X 7321 Seats: 21/24 TUT T TB 7308 Seats: 14/48 Sample taken from the Visual Schedule Builder	Fall 2026 LEC MIAE 215 T (7306*) Tut MIAE 215 TB (7308*) Lab MIAE 215 GI-X (7321*) *Code is optional

Registration Regulation: The 'C-' Rule

All **200-level courses** within the program [including admission/ECP/MEP requirements] which are prerequisites for other courses must be completed with a C- or higher. A 200-level course in which a student has obtained a D+ or lower must be repeated before attempting a course for which it is a prerequisite (Undergraduate Calendar, [Section 71.10.4](#)). **This does not apply to 300 or 400 level courses.**

Registration Regulation: The '200-level before 400-level' Rule

Students must complete (with a posted final grade) all 200-level courses required for their program before registering for any 400-level courses (Undergraduate Calendar, [Section 71.10.4](#)).

Why can't I enroll for ENCS 282?

Before enrolling in ENCS 282, students must meet the Writing Skills Requirement (Undergraduate Calendar, [Section 71.20.7](#)) by either passing the Engineering Writing Test (EWT) or ENCS 272 with a grade of C or higher. **This is faculty policy, no exceptions.** More details about the EWT, including registration and contact info, can be found here: [Engineering Writing Test](#).

Where can I find the list of General Studies courses?

You can find the list of available courses here: [Section 71.110 Complementary Studies for Engineering and Computer Science Students](#). Please note the [Exclusion List](#), as these courses may not be taken to fulfill this requirement.

Do you need to re-sequence?

Please use [our website's](#) re-sequencing guide, planning tools, and [sequence template](#) to draft your course plan through to graduation. On page 2 of your recommended sequence, you'll find a table outlining all prerequisites, co-requisites, and course offerings by term—this will help with your planning. You can send a draft to your Program Assistant for review.

Registration: 3rd Time Repeat

A student may repeat a failed course only once. A student who fails a required course twice must request permission to take the course a third time. To submit a request, please go to: [GCS Student requests & forms](#)

How do I register for Capstone?

Online registration for Capstone opens June 1, after the annual assessment of GPA is performed by the Registrar's Office. For those taking prerequisite courses in either summer term, you can only register once the grades are available.

How do I know if I am on track for graduation?

The best way to assess what is required for your program is to look at your [Academic Requirements Report](#). The report outlines the courses and credits required for your program(s), including majors, minors, and electives. It helps you monitor completed and outstanding requirements, track total credits, and note any deficiencies or transfer credits. *This is a reference tool only—consult your program advisor for official guidance.*

All of the information above, and more, can be found on our [Quick Tips and FAQ \(MIAE\)](#)

For more information, or clarification, please do not hesitate to contact your [Undergraduate Program Assistant](#) or [Student Academic Services](#)
