

Joint Public Advisory Committee (JPAC)
Comité Consultivo Público Conjunto (CCPC)
Comité consultatif public mixte (CCPM)

20 October 2016

Catherine Mulligan, PhD
Professor, Building, Civil, and Environmental Engineering
Concordia University

Dear Prof. Mulligan:

On behalf of the members of the Joint Public Advisory Committee (JPAC) of the Commission for Environmental Cooperation (CEC), I am pleased to invite you to attend our public forum on [Advancing Sustainable Clean Energy Cooperation in North America](#), which will take place in Ottawa, Ontario, Canada, on **7 November 2016**.

The 2016 [Leaders' Statement on a North American Climate, Clean Energy, and Environment Partnership](#) announced a historic goal for North America to strive to achieve 50 percent clean power generation by 2025. With the overall goal of providing recommendations on this important topic to the CEC Council—North America's highest-level federal environmental authorities—the JPAC members, invited experts, and stakeholders will discuss how North America can rise to this challenge and advance innovation in clean energy and energy efficiency. Participants convening in-person and via webcast will also consider the policy and regulatory challenges of new energy-related technologies.

Visit www.cec.org/JPACottawa to view the full agenda and register. To learn more about the CEC's Joint Public Advisory Committee, visit www.cec.org/jpac.

Participation at the JPAC forum is open to the public and free of charge. The meeting will also be webcast live at www.cec.org/webcast.

Date: Monday, 7 November 2016
Location: The Westin Ottawa
CF Rideau Centre, 11 Colonel By Drive
Ottawa, Ontario, Canada

If you have any questions or comments, please contact jpac@cec.org.

Kindest regards,

Lindsay Brumwell
JPAC Chair for 2016
