Obtaining your CPA license can help you advance your career and increase your earning power. The CPA credential is a great asset as you advance in multi-national corporations, investment banks, Big 4 accounting firms, or state government. No one has prepared more candidates* for the CPA Exam than Becker. And CPA students who complete the Becker course pass the CPA exam at twice the rate of non-Becker candidates.

**Becker students pass at twice the rate of all CPA Exam candidates who did not take a Becker review course, based on averages of AICPA-published pass rates.*
