

Research Orientation for New Faculty Hires: Research Development Unit

August 31, 2020

**Dominique Michaud
Director**

Our objectives

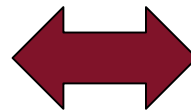

Proactively deliver information and support services to assist faculty in the acquisition of funded research

It's really all about...

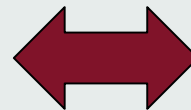

Expert navigation of agency guidelines and procedures

Increase the quality of research funding applications submitted by the University

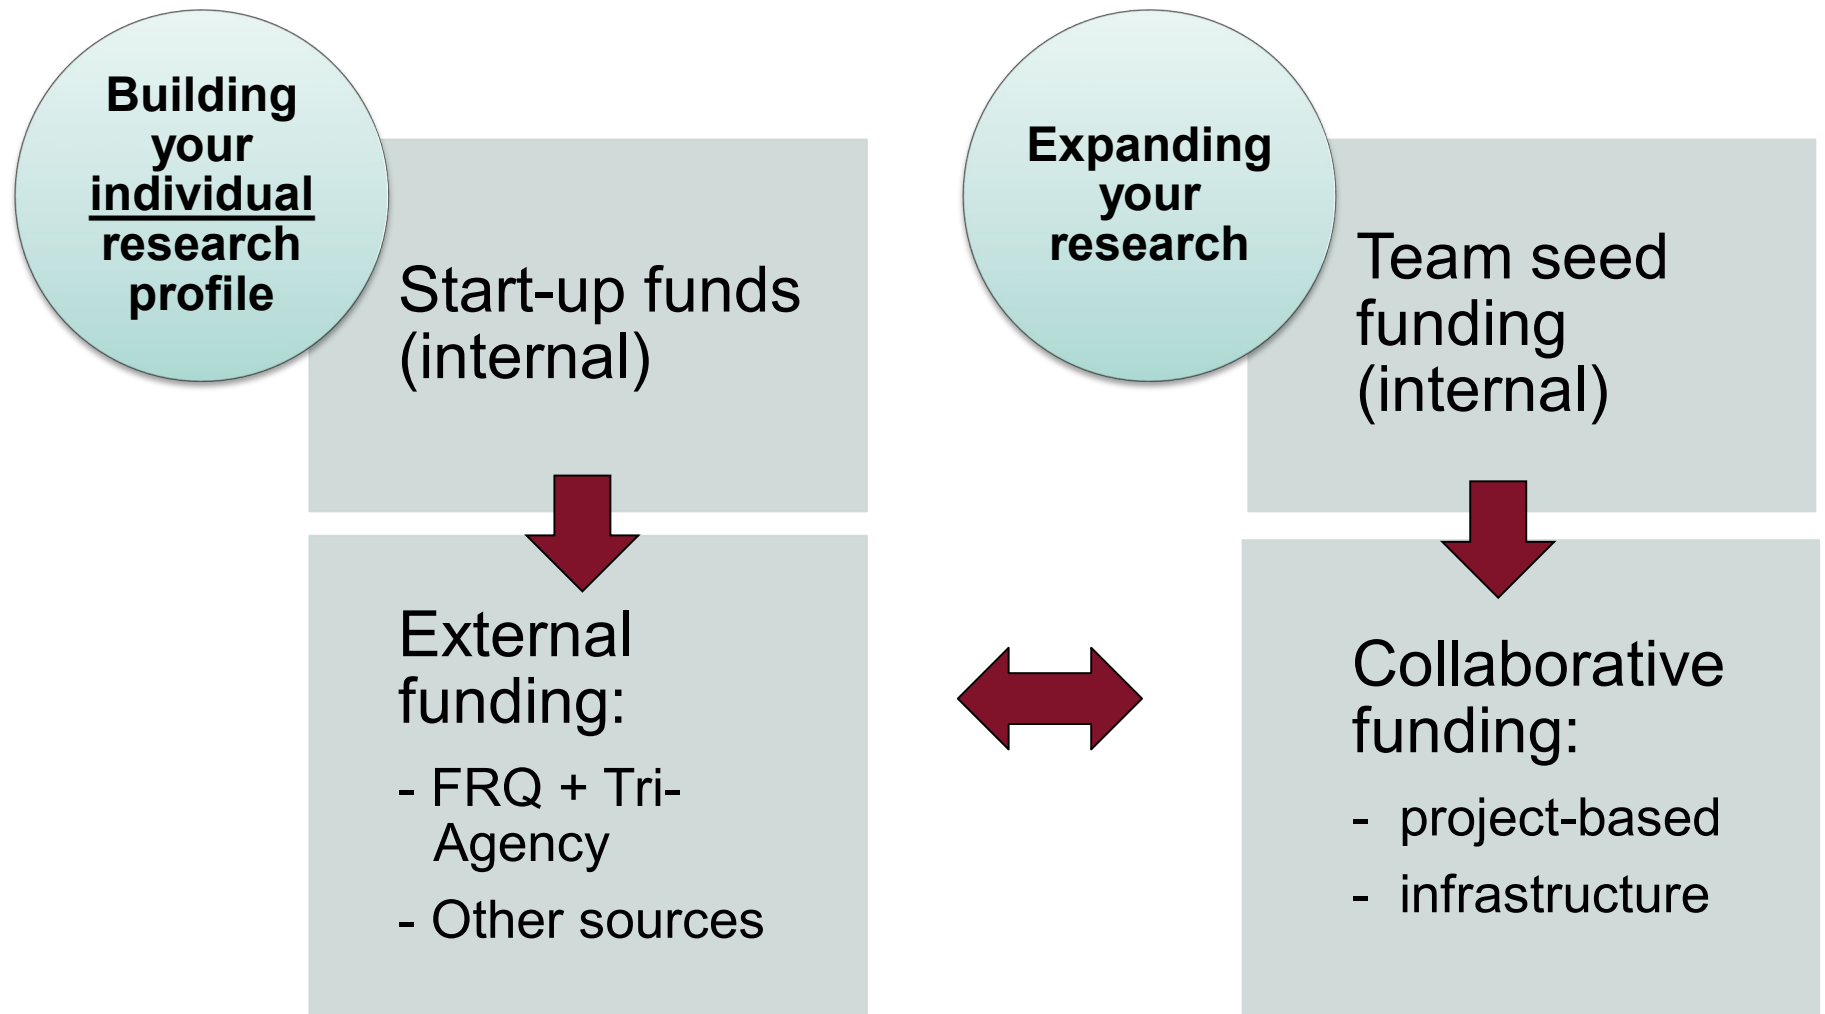

Proposal review and troubleshooting

Strive to optimize success rates in funding competitions and other research-related opportunities

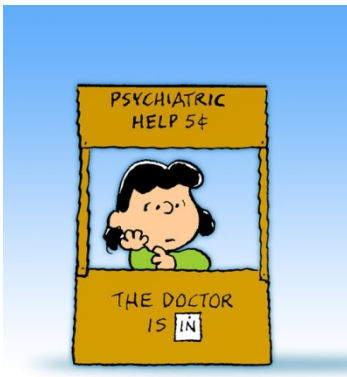

Timely strategy of funding applications

Developing your research

Our feedback and review

- ✓ Access to sample successful applications
- ✓ Assistance with grant presentation and readability provided through written reports or email summaries:
 - Detailed review of drafts following agency evaluation criteria
 - Editing of non-technical sections for cohesiveness, formatting
 - Budget development (in conformance with agency and institutional approved rates, with control of indirect costs)
- ✓ Liaison with sponsor agency, if required
