

Mitacs Elevate Postdoctoral Fellowship

We are pleased to announce the Mitacs Elevate call for proposals has been launched. The Elevate initiative, available to postdocs in all disciplines, can provide critical career and skills training to postdoctoral fellows through real-world collaborations.

As in previous years, postdoctoral fellows can apply for two years of funding valued at **\$60,000/year**. Sector-specific experts in artificial intelligence, cleantech, quantum science, and biomanufacturing are eligible for funding of **\$80,000/year**.

Mitacs is also offering enhanced funding ratios through their Indigenous Pathways program and SME reduced cost offering (see tables below for more information on funding).

Key dates:

- Call Launch: October 20th, 2021
- Application portal will open at the **end of November**
- Internal Concordia University deadline to submit to ConRAD: **Tuesday January 11th, 2021**
- Application submission deadline to Mitacs is **Wednesday January 19, 2022**
